Revlon ColorStay Overtime Lipcolor Instruction Manual

Brand: REVLON

Product Overview

Revlon ColorStay Overtime Lipcolor is a dual-ended long-wearing lipstick that's transfer-proof, kiss-proof, so you can forget touch-ups throughout your day or night. Get shiny lip color that doesn't smudge off or rub off, and conditions with vitamin E. One end smoothes on our long-wearing ColorStay liquid lipstick—we've made it extra plush, so it feels soft on your lips and the other end is loaded with a clear lip gloss, that acts as a top coat, for a slick look. The upgraded clear lip gloss contains ingredients, including vitamin E (for even more comfort, plus moisture!), chamomile, and soy extract. You'll get color that never feels dry, bleeds or feathers. It's available in 30 lipstick colors ranging from reds, nudes, browns, pinks, and plums.

Application Instructions (Setup)

Follow these steps for optimal application and long-lasting wear:

1. **Step 1: Apply Lipcolor.** Apply the long-wearing liquid lipcolor evenly to clean, bare lips. Ensure lips are dry before application. *Note: Do not reapply color over existing lipcolor.*
2. **Step 2: Apply Topcoat.** Once the lipcolor has set and dried (typically 2-5 minutes), brush on the moisturizing clear topcoat. Reapply the topcoat as desired throughout the day for continued moisture and shine.

Usage Tips (Operating)

- **Long-Lasting Wear:** This lipcolor is designed to last up to 16 hours without smudging, bleeding, or feathering, eliminating the need for frequent touch-ups.
- **Moisturizing Benefits:** The clear topcoat contains 99% moisturizing ingredients, including Vitamin E, chamomile, and soy extract, to keep your lips feeling soft and comfortable.
- **Achieve a Shiny Finish:** For a slick, glossy look, always follow the liquid lipcolor application with the clear topcoat.
- **Color Variety:** Explore the range of 30 available shades, from vibrant pinks and bold reds to natural nudes and browns, to find your perfect match.

Care and Removal (Maintenance)

To remove the lipcolor, use any oil or cream-based makeup remover or cleanser. Apply the remover to a cotton pad and gently wipe the lips until all color is gone.
Ensure both caps are securely closed after each use to prevent drying out and maintain product integrity.

Troubleshooting

- **Color Not Setting Properly:** Ensure your lips are completely clean and dry before applying the liquid lipcolor. Any residue, such as chapstick or balm, can prevent the color from adhering and setting correctly.
- **Lipcolor Feels Dry:** While the liquid lipcolor is designed for long wear, the clear topcoat provides essential moisture. Reapply the topcoat throughout the day as needed to keep your lips feeling comfortable and hydrated.
- **Difficulty Removing Color:** This product is formulated for extended wear. If you find it difficult to remove, use an oil-based makeup remover or a cleansing oil, which are more effective at breaking down long-wear formulas.

Product Specifications

Brand	REVLON
Model Number	309979380022
Color	020 Constantly Coral
Item Form	Liquid
Finish Type	Glossy
Skin Type	All
Manufacturer	Revlon Consumer Products Corp.
UPC	309979380022
