Care and Maintenance

- **Cleaning:** Use a soft, dry, lint-free cloth to gently wipe dust from the model. Avoid using water, abrasive cleaners, or harsh chemicals, as these can damage the paint finish or decals.
- **Handling:** Always handle the model by its main body. Avoid touching or applying pressure to smaller, delicate parts such as mirrors, spoilers, or wheels, which can be fragile.
- **Environmental Conditions:** Protect the model from direct sunlight, extreme temperatures, and high humidity. Prolonged exposure can cause paint fading, material degradation, or warping.

Display and Storage

- **Display:** Place the model on a stable, flat surface where it is unlikely to be knocked over. For optimal protection and to keep it dust-free, consider displaying it within a dedicated display case.
- **Storage:** If storing the model for an extended period, it is recommended to keep it in its original packaging. Alternatively, use a clean, protective container in a cool, dry environment, away from potential pests or moisture.
