Hercules Stands BSB001 Carry Bag for Orchestra Stand User Manual

Model: BSB001

INTRODUCTION

The Hercules Stands BSB001 Carry Bag is specifically designed for the safe and convenient transport of Hercules orchestra stands and selected band & orchestra instrument stands. This durable carry bag provides protection for your equipment during transit and storage, ensuring its longevity and ease of portability.

This manual provides essential information on how to properly use and maintain your BSB001 Carry Bag.

PRODUCT OVERVIEW

Figure 1: Hercules BSB001 Carry Bag featuring durable fabric and reinforced top handles for easy lifting.

Figure 2: Hercules BSB001 Carry Bag showcasing the adjustable shoulder strap for comfortable transport.

The BSB001 Carry Bag is constructed from robust material, designed for durability. It features both top

handles and an adjustable shoulder strap for versatile carrying options. An internal divider helps separate components, preventing scratches and damage during transport.

SETUP

1. **Unpack the Bag:** Remove the carry bag from its packaging.
2. **Inspect for Damage:** Before first use, visually inspect the bag for any signs of damage from shipping.
3. **Adjust Shoulder Strap:** If using the shoulder strap, adjust its length to a comfortable position for carrying. The strap should allow the bag to rest securely without excessive swinging.

OPERATING INSTRUCTIONS

Follow these steps to properly pack and transport your Hercules stands:

1. **Prepare Your Stand:** Fold your Hercules orchestra or instrument stand according to its specific instructions to its most compact form.
2. **Open the Bag:** Unzip the main compartment of the BSB001 Carry Bag.
3. **Utilize Internal Divider:** Position the folded stand within the main compartment. The internal divider can be used to separate the stand's desk from its leg unit, preventing direct contact and potential scratches.
4. **Add Accessories:** The bag offers additional space for small accessories such as cables, a portable guitar stand, or clothespins. Place these items carefully to avoid damaging the stand or the bag.
5. **Secure the Contents:** Once all items are placed, zip the bag completely to secure the contents.
6. **Carry the Bag:** Use either the reinforced top handles for short distances or the adjustable shoulder strap for hands-free transport, especially when carrying other equipment.

MAINTENANCE

Proper maintenance will extend the life of your carry bag:

- **Cleaning:** Wipe the exterior of the bag with a damp cloth and mild soap if it becomes dirty. Avoid harsh chemicals or abrasive cleaners. Allow the bag to air dry completely before storage.
- **Storage:** Store the bag in a cool, dry place away from direct sunlight when not in use.
- **Zipper Care:** Periodically check the zipper for smooth operation. If it becomes stiff, a small amount of zipper lubricant can be applied.
- **Inspect Straps and Seams:** Regularly inspect the handles, shoulder strap, and seams for any signs of wear or fraying. Address minor issues promptly to prevent further damage.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Bag feels unstable on shoulder:**
Solution: Adjust the shoulder strap length to ensure the bag's weight is evenly distributed and the bag rests horizontally. Avoid overloading one side of the bag. If carrying multiple items, try to balance the weight.
- **Zipper is difficult to open/close:**

Solution: Ensure no fabric is caught in the zipper teeth. Apply a small amount of zipper lubricant or a graphite pencil to the teeth to improve smoothness.

- **Stand does not fit:**

Solution: Ensure your stand is fully folded and compacted according to its manufacturer's instructions. The BSB001 is designed for specific Hercules orchestra and instrument stands. Verify compatibility if you are using a non-Hercules stand or a different model.
