Nintendo DS Pokémons Platinum Version Instruction Manual

Model: 1833740T2

INTRODUCTION TO POKÉMON PLATINUM VERSION

Pokémons Platinum Version for Nintendo DS offers a comprehensive Pokémons adventure. This game introduces a new storyline, challenging gameplay elements, and unique forms of powerful Pokémons, including the legendary Giratina's Origin Forme. Players will explore the mysterious Distortion World and engage in various activities within the Wi-Fi Plaza. The game also features an exciting character, Handsome, and the Emerald Battle Frontier, providing additional quests and tournaments. The core gameplay involves catching, training, and battling Pokémons, with a strong emphasis on trading to expand your collection.

OPERATING THE GAME

Basic Controls

- **D-Pad/Control Pad:** Move your character.
- **A Button:** Confirm selections, talk to people, examine objects.
- **B Button:** Cancel selections, run (when holding B), exit menus.
- **X Button:** Open the main menu (Pokémon, Bag, Pokédex, Trainer Card, Save, Options).
- **Y Button:** Use registered key items.
- **L/R Buttons:** Scroll through menus or access specific functions.
- **Touch Screen:** Navigate menus, select options, and interact with certain in-game features.

Gameplay Mechanics

- **Catching Pokémon:** Encounter wild Pokémon in tall grass or caves. Weaken them in battle and then use a Poké Ball to attempt capture.
- **Battling:** Engage in turn-based battles against wild Pokémon or other trainers. Select moves, switch Pokémon, or use items strategically.
- **Training:** Pokémon gain experience points (EXP) from battles. Accumulating EXP allows them to level up, increasing their stats and potentially learning new moves or evolving.
- **Saving Your Game:** Access the main menu with the X button and select 'Save' to record your progress. It is recommended to save frequently.

KEY FEATURES

The Distortion World

Explore the Distortion World, a unique and surreal dimension where the laws of physics are altered. This area is central to the game's plot and features the legendary Pokémon Giratina in its Origin Forme.

MAINTENANCE

- Game Card Care:** Keep the game card clean and free from dust and debris. Store it in its original case or a protective holder when not in use. Avoid touching the gold connectors on the back of the card.
- Cleaning:** If the game card's connectors appear dirty, gently wipe them with a soft, dry cloth. Do not use liquids or abrasive materials.
- Storage:** Store the game card in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Game Not Loading

- Reinsert Card:** Remove the game card and reinsert it firmly into the DS slot.
- Clean Connectors:** Gently clean the gold connectors on the game card with a soft, dry cloth.
- Test Other Games:** Try inserting another Nintendo DS game to determine if the issue is with the system or the Pokémons Platinum game card.

Save Data Issues

- Ensure you are saving your game correctly through the in-game menu.
- Avoid removing the game card or powering off the system while saving, as this can corrupt data.
