CalExotics SE-1099-21-3

CalExotics Sterling Collection 7 Function Control - Instruction Manual

Model: SE-1099-21-3

Introduction

Thank you for choosing the CalExotics Sterling Collection 7 Function Control. This compact, single-jack push-button controller is designed to enhance your experience with compatible Sterling Collection bullets (sold separately). It features an independent on/off button and 7 distinct functions of vibration, pulsation, and escalation.
Please read this manual thoroughly before use to ensure proper operation and care of your device.

Important Safety Information

- This product is intended for adult use only. Purchasers must be at least 18 years of age.
- Not for medical use. Consult a healthcare professional if you have any medical conditions or concerns.
- Discontinue use immediately if you experience any discomfort, pain, or irritation.
- Do not immerse the controller in water. This device is not waterproof.
- Remove batteries when not in use for extended periods to prevent leakage.
- Use with water-based lubricant only.
- Keep out of reach of children.

Package Contents

- 1 x CalExotics Sterling Collection 7 Function Control (Model SE-1099-21-3)

Note: This package contains the controller only. Compatible Sterling Collection bullets and 3 AA batteries are not included and must be acquired separately.

Setup

Battery Installation

1. Locate the battery compartment on the back of the controller.
2. Gently slide or unclip the battery cover to open it.
3. Insert **three (3) AA batteries** into the compartment, ensuring correct polarity (+/-) as indicated inside.
4. Replace the battery cover securely.

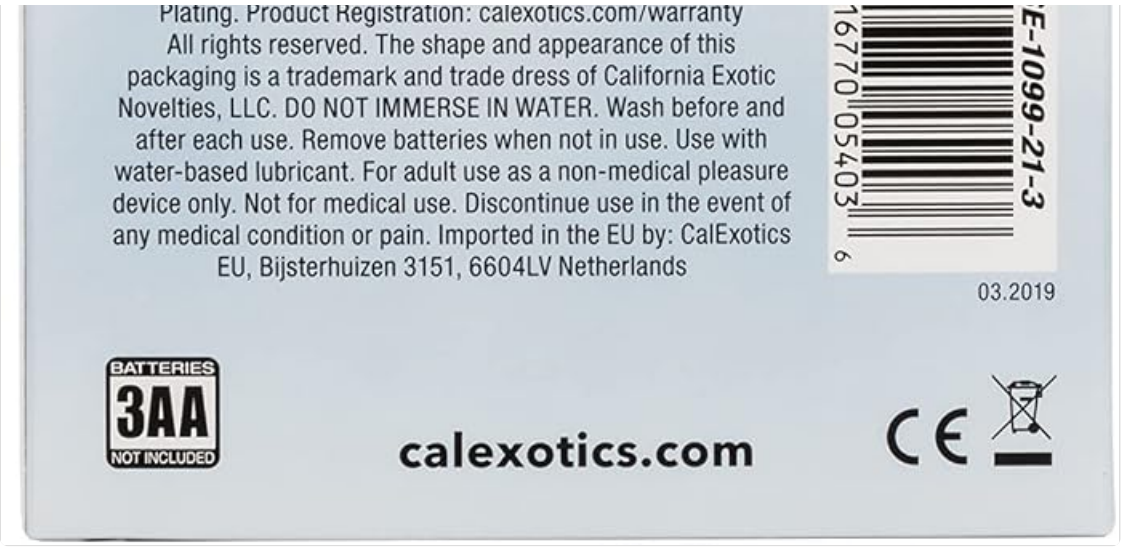

Image: Back of the product packaging, indicating that 3 AA batteries are required and not included. The image also highlights the 7 powerful functions and ergonomic design.

Connecting to a Sterling Collection Bullet

1. Ensure your Sterling Collection bullet (sold separately) is clean and dry.
2. Locate the jack on the controller and the corresponding plug on your Sterling Collection bullet.
3. Carefully insert the bullet's plug into the controller's jack until it is securely connected.

Operating Instructions

Power On/Off

- To turn the device on, press the **ON/OFF button** (typically the top button).
- To turn the device off, press the **ON/OFF button** again.

Function Control

- Once powered on, press the **function control button** (typically the bottom button) to cycle through the 7 distinct vibration, pulsation, and escalation patterns.
- Each press will advance to the next function.
- Experiment with each function to find your preferred setting.

Maintenance

Cleaning

- Always clean your controller before and after each use.
- **Hand wash** the exterior of the controller with mild soap and warm water.
- Wipe dry with a soft, lint-free cloth.
- **Do not immerse the controller in water.**
- Avoid using harsh cleaners, alcohol, or petroleum-based products, as these can damage the material.

Storage

- Store the controller in a clean, dry, and cool place, away from direct sunlight and extreme temperatures.
- Remove batteries if the device will not be used for an extended period.
- Store separately from other toys made of different materials to prevent material degradation.

Troubleshooting

Problem	Possible Cause	Solution
Device does not turn on.	• Batteries are dead or low. • Batteries are inserted incorrectly. • Device is not connected to a compatible bullet.	• Replace with fresh 3 AA batteries. • Check battery polarity and reinsert correctly. • Ensure a Sterling Collection bullet is securely plugged into the jack.
Vibration is weak or inconsistent.	• Batteries are low. • Loose connection to the bullet.	• Replace with fresh 3 AA batteries. • Ensure the bullet is firmly connected to the controller.
Device stops working suddenly.	• Batteries are depleted. • Internal malfunction.	• Replace with fresh 3 AA batteries. • If the issue persists, contact customer support.
