

HON HONSC1872S

HON HONSC1872S Assembled Storage Cabinet User Manual

Model: HONSC1872S

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your HONSC1872S Assembled Storage Cabinet. This durable steel cabinet is designed for robust storage solutions in various environments, including home offices and commercial spaces. It features a three-point locking system for security and five adjustable shelves to accommodate diverse storage needs.

Please read these instructions thoroughly before using the product and retain them for future reference.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Always unlock the cabinet before attempting to open the doors.
- Be cautious when handling heavy doors to prevent injury.
- Ensure the cabinet is placed on a stable and level surface to prevent tipping.
- Do not overload shelves beyond the specified weight capacity of 250 lbs per shelf.
- Keep fingers clear of door hinges and closing mechanisms.

3. PRODUCT OVERVIEW

The HONSC1872S cabinet is constructed from industrial-grade steel, offering durability and security for your stored items. It comes with five adjustable shelves and a sophisticated locking mechanism.

Image 2: Dimensional view of the HONSC1872S Assembled Storage Cabinet, showing approximate height of 71.25 inches, width of 36 inches, and depth of 18.13 inches.

4. SETUP

Your HONSC1872S storage cabinet arrives assembled, requiring minimal setup.

4.1 Placement

Place the cabinet on a firm, level surface. The reinforced base includes leveling features to ensure stability. Adjust the leveling feet as needed to prevent wobbling.

4.2 Shelf Adjustment

The cabinet includes five adjustable shelves that can be repositioned in 2-inch increments. Each shelf is tested to support up to 250 lbs.

1. Ensure the cabinet is empty before attempting to adjust or remove shelves.
2. Carefully lift the front edge of the shelf to disengage it from the shelf supports.
3. Remove the shelf supports from their current slots.
4. Insert the shelf supports into the desired new slots, ensuring they are level and securely seated.
5. Lower the shelf onto the supports, ensuring it is fully seated and stable.

5. OPERATING INSTRUCTIONS

5.1 Opening and Closing Doors

To open the cabinet doors:

1. If locked, insert the key into the lock core and turn to the unlocked position.
2. Grasp the satin chrome double handles and pull the doors open.

To close the cabinet doors:

1. Push the doors firmly until they latch.
2. For optimal closure and to ensure the handle mechanism engages correctly, apply light pressure on both the top and bottom of the right-hand door when closing.

5.2 Locking Mechanism

The cabinet features a three-point locking system for enhanced security. The HON 'One Key' core is removable, allowing for quick and easy re-keying if necessary.

1. To lock: Ensure both doors are fully closed. Insert the key into the lock core and turn it to the locked position. Remove the key.
2. To unlock: Insert the key into the lock core and turn it to the unlocked position.

6. MAINTENANCE

6.1 Cleaning

To maintain the appearance and longevity of your cabinet:

- Wipe all surfaces with a damp cloth.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- Dry thoroughly after cleaning to prevent water spots.

6.2 Inspection

Periodically inspect the following components:

- **Door Hinges:** Ensure they are secure and operating smoothly.
- **Locking Mechanism:** Verify that the lock engages and disengages properly.
- **Shelf Supports:** Check for any signs of bending or damage.
- **Leveling Feet:** Confirm they are intact and providing stable support.

7. TROUBLESHOOTING

If you encounter issues with your storage cabinet, refer to the following common problems and solutions:

- **Doors not closing or latching properly:**
 - Ensure the cabinet is placed on a level surface. Adjust leveling feet if necessary.
 - Check for any obstructions inside the cabinet that might be preventing the doors from closing fully.
 - When closing, apply light pressure to the top and bottom of the right door to ensure the latch engages correctly.
- **Difficulty adjusting or removing shelves:**
 - Ensure the cabinet is completely empty before attempting to move shelves.
 - Lift the shelf slightly to relieve pressure on the supports before attempting to disengage them.
 - Inspect shelf supports and slots for any bent components or debris.
- **Lock not engaging or disengaging:**
 - Verify that both doors are fully closed and properly aligned.
 - Ensure the key is fully inserted and turns freely without excessive force.
 - If the HON 'One Key' core is removable, ensure it is properly seated in the lock mechanism.

8. SPECIFICATIONS

Feature	Specification
Brand	HON
Model Name	HONSC1872S
Model Number	HSC1872.L.S
Product Dimensions (D x W x H)	18.25"D x 36"W x 71.75"H
