Honey-Can-Do 4-Tier Commercial Grade Adjustable Storage Shelves (Model SHF-01456)

This manual provides instructions for the assembly, operation, and maintenance of your Honey-Can-Do 4-Tier Commercial Grade Adjustable Storage Shelves.

1. GENERAL OVERVIEW

The Honey-Can-Do 4-Tier Commercial Grade Adjustable Storage Shelves offer a versatile storage solution for various environments such as kitchens, closets, and garages. Each shelf is designed to hold up to 200 pounds, providing robust support for your items. The unit features a heavy-duty steel frame with a chrome finish and fully adjustable shelves to accommodate items of different sizes.

3. SETUP INSTRUCTIONS

3.1. Assembly

Assembly of the Honey-Can-Do shelving unit is designed to be straightforward. Follow these steps for proper setup:

1. **Prepare Components:** Ensure all parts are present: shelf poles, shelves, and plastic clips.
2. **Attach Clips:** Locate the plastic clips. Each clip consists of two halves. Ensure the "TOP" arrow on the clip points upwards. Snap two halves of a clip around each pole at the desired height for the bottom shelf. Make sure the clips are aligned at the same height on all four poles.

3. **Install Bottom Shelf:** Slide the first shelf down over the poles, ensuring the corners of the shelf fit securely over the plastic clips. Push down firmly on the shelf to secure it in place.
4. **Install Additional Shelves:** Repeat the process for the remaining shelves, attaching clips at your desired heights and then sliding the shelves into position. The shelves are fully adjustable, allowing you to customize the spacing.

ADD HEAVY-DUTY HONEY-CAN-DO
CASTERS TO GIVE SHELF MOBILITY

SHF-01939

4. OPERATING INSTRUCTIONS

4.1. Loading the Shelves

Each shelf has a maximum weight capacity of 200 pounds. The total unit capacity is 800 pounds. Distribute weight evenly across each shelf to maintain stability. Avoid placing excessively heavy items on a single point.

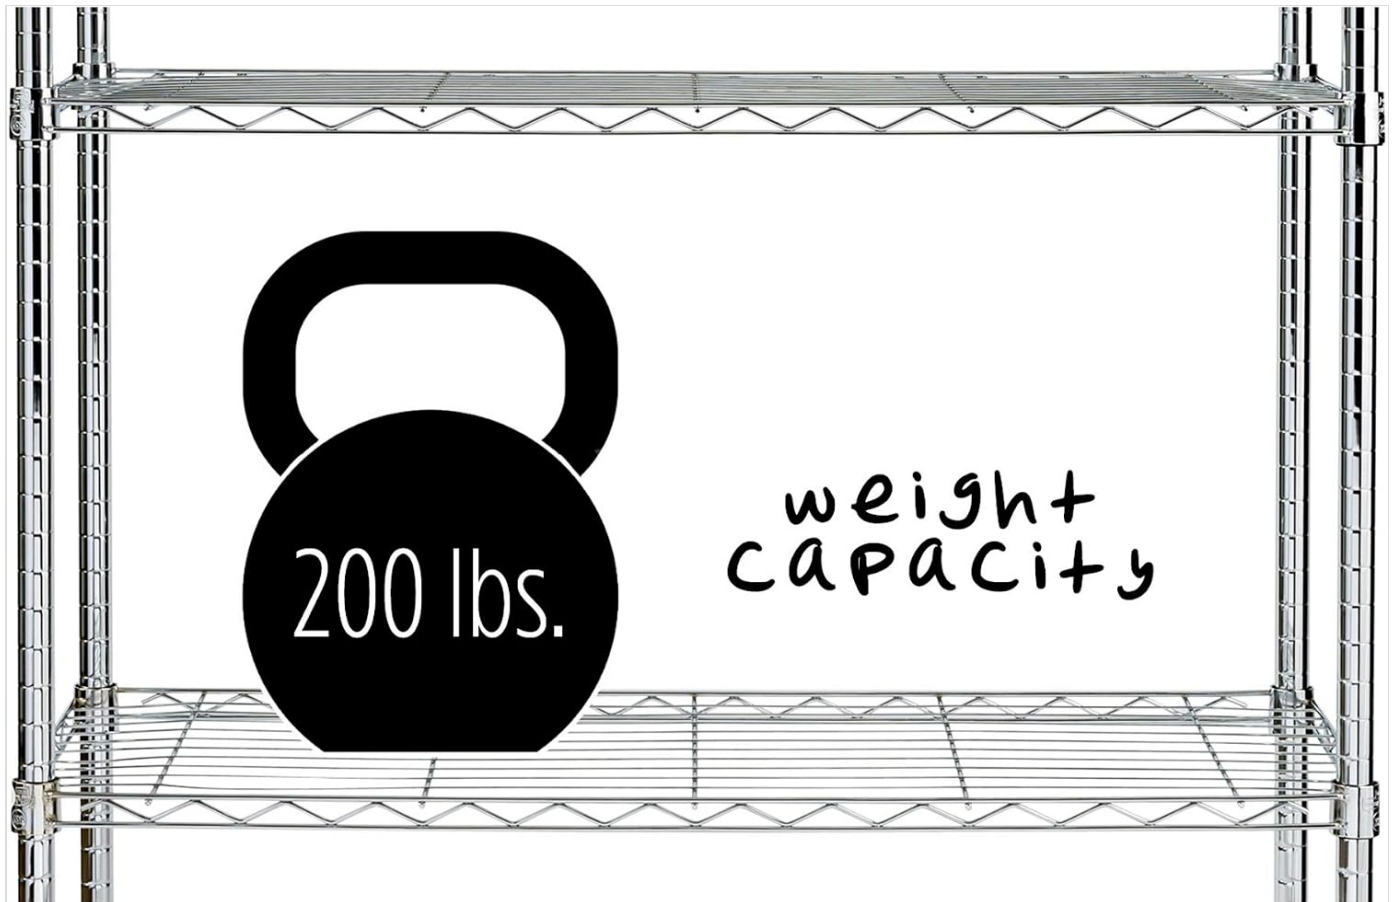

Image: A graphic indicating a "200 lbs. weight capacity" per shelf, emphasizing the load-bearing capability.

4.2. Adjusting Shelf Heights

To adjust a shelf's height, first remove any items from the shelf. Then, lift the shelf off the clips. Remove the plastic clips from the poles, reposition them to the desired height, and re-secure the shelf. Ensure clips are at the same height on all four poles for a level shelf.

5. MAINTENANCE

5.1. Cleaning

To clean the shelving unit, wipe it with a dry cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the chrome finish.

5.2. Inspection

Periodically inspect the unit for any loose connections or signs of wear. Tighten any loose clips or connections to ensure continued stability and safety.

6. TROUBLESHOOTING

6.1. Instability

- If the unit feels unstable, ensure all plastic clips are securely snapped into the grooves on the poles and that the shelves are firmly seated on the clips.
- Verify that the unit is placed on a flat, level surface. The adjustable feet on the bottom of each leg can be used to level the unit on uneven floors.
- Ensure weight is distributed evenly across the shelves and that the maximum weight capacity per shelf (200 lbs) and for the entire unit (800 lbs) is not exceeded.

6.2. Difficulty Assembling

- Ensure the plastic clips are oriented correctly with the "TOP" arrow pointing upwards and that the internal ridge of the clip aligns with the grooves on the poles.
- If shelves are difficult to slide down, ensure all clips are at the exact same height on all four poles. A rubber mallet can be used gently to tap shelves into place if needed, but avoid excessive force.

7. SPECIFICATIONS

Feature	Detail
Model Number	SHF-01456
Material	Metal
Finish Type	Chrome
Number of Shelves	4
Product Dimensions	14"D x 36"W x 60"H
Weight Capacity (per shelf)	200 Pounds
Total Weight Capacity	800 Pounds
Special Feature	Adjustable
Mounting Type	Floor Mount
Recommended Uses	Closet, Kitchen, Garage
Item Weight	4.6 Kilograms

8. WARRANTY AND SUPPORT

8.1. Manufacturer's Warranty

Honey-Can-Do International, LLC (HCD) warrants its products to be free from defects in materials and workmanship when used for normal personal or household use. This warranty does not cover damage caused by negligence, misuse, excessive use, improper cleaning, improper assembly, or any circumstance not directly attributable to manufacturing defects. Proof of purchase (receipt) is required, and proof of damage may be requested to validate the warranty. HCD, at its option, may offer a comparable product, a replacement part, or request that the item be returned to the place of

purchase. This warranty is provided in lieu of all other warranties, expressed or implied.

8.2. Customer Support
