## Panasonic RP-HS46E-K

# Panasonic RP-HS46E-K Slim Clip-On Earphones User Manual

Model: RP-HS46E-K

## INTRODUCTION

Thank you for purchasing the Panasonic RP-HS46E-K Slim Clip-On Earphones. These earphones are designed to provide clear audio with a secure and comfortable fit, ideal for various activities. This manual provides essential information for the proper setup, operation, and maintenance of your earphones.

## PRODUCT OVERVIEW

The Panasonic RP-HS46E-K earphones feature an ultra-slim housing and a 30mm driver unit for powerful sound. The ergonomic ear hook design ensures a secure and comfortable fit.

## Included Components:

- **Clip-On Earphones:** The main unit comprising earbuds and ear clips.
- **Earbuds:** The sound-delivering earpieces.
- **Clip:** Designed for secure and stable attachment to your ears.
- **Cord:** The connecting cable between the earbuds.

## SETUP

- 1. Identify Left and Right:** Each earphone is marked with 'L' for left and 'R' for right. Ensure correct placement for optimal sound.
- 2. Position the Ear Clip:** Gently place the earphone over your ear, guiding the ear clip around the back of your earlobe. The clip should rest comfortably and securely.
- 3. Insert Earbud:** Carefully insert the earbud into your ear canal. Adjust the position until it feels snug and comfortable, and the sound is clear.
- 4. Connect to Audio Device:** Plug the 3.5mm audio jack into the headphone port of your audio device (e.g., smartphone, tablet, MP3 player).

Ensure the connection is firm to prevent audio interruptions.

## OPERATING INSTRUCTIONS

These earphones are designed for simple plug-and-play operation with any device featuring a standard 3.5mm audio jack.

- Volume Control:** Adjust the volume directly on your connected audio device. These earphones do not feature inline volume controls.
- Audio Playback:** Start or stop audio playback using the controls on your audio device.
- Secure Fit:** For active use, ensure the ear clips are securely positioned to prevent the earphones from dislodging.

## MAINTENANCE AND CARE

- Cleaning:** Wipe the earphones and cord with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Water Resistance:** These earphones are water resistant, meaning they can withstand light splashes or sweat. They are not designed for submersion in water. Avoid exposing them to heavy rain or direct water streams.
- Storage:** When not in use, store the earphones in a clean, dry place, away from extreme temperatures and direct sunlight. Avoid tangling the cord.
- Cable Care:** Do not pull on the cable to disconnect the earphones from your device. Always grasp the plug firmly.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or low volume	Audio jack not fully inserted. Volume on device is too low or muted. Earphones are damaged.	Ensure the 3.5mm jack is fully inserted into the audio device. Increase the volume on your audio device and check if it's muted. Test with another audio device. If still no sound, the earphones may be damaged.
Sound distortion	Volume on device is too high. Poor connection.	Lower the volume on your audio device. Ensure the audio jack is clean and fully inserted.
Earphones fall off easily	Improper fit.	Adjust the ear clips and earbuds for a more secure and comfortable fit around your ears.

## SPECIFICATIONS
