SETUP

1. **Insert Game Card:** Ensure your Nintendo 3DS system is powered off. Open the game card slot cover. Insert the Super Street Fighter IV: 3D Edition game card firmly until it clicks into place.

2. **Power On:** Close the game card slot cover. Power on your Nintendo 3DS system.

3. **Select Game:** On the HOME Menu, tap the Super Street Fighter IV: 3D Edition icon to start the game.

4. **Parental Controls:** For children aged 6 and under, it is recommended to use Parental Controls to restrict 3D mode. Refer to your Nintendo 3DS system manual for instructions on setting up Parental Controls.

OPERATING INSTRUCTIONS

Game Modes

- **Arcade Mode:** Experience the main story for each character, learning their backgrounds and progressing through a series of fights.

- **Versus Mode:** Engage in local multiplayer battles against a friend. This mode supports single-card play, allowing two players to fight even if only one owns the game.

- **3D Versus Mode:** Play against another player with an optional over-the-shoulder camera perspective, enhancing the 3D experience.

- **Internet Match:** Connect online to battle players from around the world using the Nintendo 3DS Wi-Fi capabilities.

- **Training Mode:** Practice moves and combos with any character to master their fighting style.

- **Figurine Mode:** A collectible meta-game utilizing the StreetPass feature. Collect figurines of iconic characters and assemble teams. When passing another Nintendo 3DS owner, your chosen figurines will automatically battle. View results and collect rewards later.

- **Spectator Mode:** Watch live battles between your friends using your own Nintendo 3DS.

Controls

Super Street Fighter IV: 3D Edition offers two control schemes:

- **Lite Controls:** Designed for new players, this mode uses the touch screen to display buttons that automatically execute traditional and special moves. The physical buttons on the 3DS are used for basic punches, kicks, and throws.

- **Pro Controls:** For experienced fighting game players, this mode allows for manual execution of moves. The touch screen can be customized to display specific button combinations for advanced techniques.

The game supports both the Circle Pad and the D-Pad for character movement. Note that precise execution of moves may require practice, especially with the Circle Pad.

3D Functionality

The Nintendo 3DS's 3D Slider functionality provides a glasses-free 3D effect. You can adjust the intensity of the 3D effect or turn it off completely using the 3D Slider on your system. The 3D mode enhances the visual depth of the game environments and character models.

MAINTENANCE

To ensure the longevity of your Super Street Fighter IV: 3D Edition game card and Nintendo 3DS system, please follow these general maintenance guidelines:

- **Handle with Care:** Always hold the game card by its edges. Avoid touching the gold connectors on the back of the card.
- **Keep Clean:** Store the game card in its protective case when not in use to prevent dust and dirt accumulation. If necessary, gently wipe the game card with a soft, dry cloth. Do not use liquids or abrasive cleaners.
- **Storage:** Store the game card and your Nintendo 3DS system in a cool, dry place away from direct sunlight, extreme temperatures, and humidity.
- **Avoid Liquids:** Keep the game card and system away from water and other liquids.

TROUBLESHOOTING

If you encounter any issues while playing Super Street Fighter IV: 3D Edition, consider the following general troubleshooting steps:

- **Game Not Loading:**

  - Ensure the game card is fully inserted into the Nintendo 3DS system.
  - Clean the gold connectors on the game card with a soft, dry cloth.
  - Try inserting another game card to confirm the system is functioning correctly.

- **System Freezes/Crashes:**

  - Turn off the Nintendo 3DS system completely and restart it.
  - Ensure your system's firmware is up to date.

- **Connectivity Issues (Multiplayer):**

  - Ensure both Nintendo 3DS systems are within range for local play or have a stable internet connection for online play.
  - Verify that wireless communication is enabled on both systems.

- **3D Effect Issues:**

  - Adjust the 3D Slider on your Nintendo 3DS system.
  - Ensure you are viewing the screen directly and at an appropriate distance.
