Noirod Orange Flower Water User Manual

Authentic French Orange Flower Water

PRODUCT OVERVIEW

Noirod Orange Flower Water is a clear, perfumed distillation of fresh bitter-orange blossoms, imported directly from France. This essential water is traditionally used in various French and Mediterranean dessert dishes and has found its way into Western cuisine and cocktails.

The product is a clear, perfumed distillation, ensuring a pure and authentic orange blossom aroma and taste.

USAGE INSTRUCTIONS

Noirot Orange Flower Water is a versatile ingredient used to impart a delicate floral and citrus note to various culinary creations and beverages.

Culinary Applications:

- **Desserts:** Commonly used in French madeleines, Mexican wedding cakes, and orange blossom scones. It can enhance the flavor of custards, puddings, and fruit salads.
- **Baked Goods:** Add a few drops to cookie dough, cake batter, or glazes for a unique aromatic profile.
- **Middle Eastern Cuisine:** A traditional ingredient in many Middle Eastern dishes, including sweets like baklava and various pastries.

Beverage Applications:

- **Cocktails:** An essential ingredient in classic cocktails such as the Ramos Gin Fizz. It can also be used to add a floral twist to other gin, vodka, or rum-based drinks.
- **Flavored Water:** Traditionally used in some regions to mask unpleasant flavors in drinking water, providing a refreshing and aromatic alternative.
- **Teas and Infusions:** A small amount can be added to hot or iced teas for an aromatic enhancement.

Recommendation: Start with a small amount (e.g., 1/4 to 1/2 teaspoon) and adjust to taste, as the flavor is concentrated.

STORAGE AND MAINTENANCE

Proper storage ensures the longevity and quality of your Noiro Orange Flower Water.

- **Unopened:** Store in a cool, dark place away from direct sunlight and heat. A pantry or cupboard is ideal.
- **Opened:** Once opened, it is recommended to refrigerate the bottle to maintain freshness and flavor.
- **Shelf Life:** For best quality, use within one month after opening, especially if not refrigerated.
- **Container:** Keep the bottle tightly sealed when not in use to prevent evaporation and contamination.

TROUBLESHOOTING

While Noiro Orange Flower Water is a stable product, here are some common concerns and their resolutions:

Issue	Possible Cause	Solution
No scent or weak flavor	Improper storage (exposure to heat/light), bottle left open, or product past its prime.	Ensure proper storage (cool, dark, refrigerated after opening). Check the "best by" date. If the bottle was left open, the volatile compounds may have evaporated.
Bottle arrived damaged or leaked	Shipping mishandling.	Inspect packaging upon arrival. If damaged, contact the seller or retailer immediately for assistance.
Cloudiness or sediment	Rare, but could indicate contamination or spoilage.	Do not consume. Dispose of the product and contact the manufacturer if purchased recently.
