SETUP AND APPLICATION

Before applying, ensure your eyelids are clean and dry. Shake the eyeliner gently to ensure the formula is well-mixed.

Application Directions

Start at the inner corner of the lid and line along the lash line, following the contour of your eye. For added drama, apply slightly heavier at the outer corners.

USAGE TIPS

- For a subtle look, draw a thin line close to the lash line.

- For a more dramatic effect, build up the line by applying additional layers once the first layer has dried.
- The flexible felt tip allows for precise control, making it suitable for various eyeliner styles, including winged looks.

CARE AND STORAGE

To maintain the quality and longevity of your liquid eyeliner, always ensure the cap is tightly sealed after each use. Store the product upright at room temperature, away from direct sunlight and extreme heat. Avoid exposing the applicator to air for extended periods to prevent drying.

TROUBLESHOOTING

- **Product appears dry:** Ensure the cap is securely closed. If the product has not been used for a while, gently shake the tube to redistribute the liquid.
- **Uneven application:** Clean the felt tip with a tissue if it appears clogged. Practice drawing lines on the back of your hand to regain control and ensure smooth flow.
- **Smudging:** Allow the eyeliner to dry completely after application before touching or applying other eye makeup.
