

Genius 31030021104

Genius Traveler 900 Wireless Mouse User Manual

Model: 31030021104

PRODUCT OVERVIEW

The Genius Traveler 900 is a compact and versatile wireless mouse designed for both PC and Mac users. It features a precise optical sensor and a comfortable ambidextrous design, making it suitable for various computing tasks. This manual provides instructions for setting up, operating, and maintaining your mouse.

SAFETY INFORMATION

- Do not expose the mouse to extreme temperatures or humidity.
- Avoid dropping or subjecting the mouse to strong impacts.
- Keep the mouse away from liquids.
- Do not attempt to disassemble or repair the mouse yourself. Refer to qualified service personnel.
- Dispose of batteries according to local regulations.

SETUP

1. Unpacking

Carefully remove all components from the packaging. Ensure you have the Genius Traveler 900 Wireless Mouse and its USB receiver.

Figure 2: Top-down view of the Genius Traveler 900 Wireless Mouse, highlighting the scroll wheel and buttons.

2. Installing Batteries

The mouse requires batteries for operation. Locate the battery compartment on the underside of the mouse. Insert the batteries, ensuring correct polarity (+/-). Close the battery compartment cover.

3. Connecting the USB Receiver

The USB receiver for the wireless mouse is typically stored inside or alongside the mouse itself. Remove the USB receiver from its storage slot. Plug the USB receiver into an available USB port on your computer (PC or Mac). The operating system should automatically detect and install the necessary drivers.

4. Powering On the Mouse

Locate the power switch on the underside of the mouse. Slide the switch to the "ON" position. The mouse is now ready for use.

OPERATING THE MOUSE

Basic Functions

- **Left Click:** Press the left button to select items, open links, or activate functions.
- **Right Click:** Press the right button to open context menus.

- **Scroll Wheel:** Roll the scroll wheel up or down to navigate through documents or web pages.
- **Middle Click (Scroll Wheel Button):** Press the scroll wheel down to activate middle-click functions, such as opening links in new tabs.

Figure 4: Angled view of the Genius Traveler 900 Wireless Mouse, showing the illuminated scroll wheel.

Ambidextrous Design

The Genius Traveler 900 features an ambidextrous design, making it comfortable for both left-handed and right-handed users. No specific configuration is required for hand orientation.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the mouse. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive cleaners.
- **Battery Replacement:** When the mouse performance degrades or it stops responding, replace the batteries. Refer to the "Installing Batteries" section for instructions.
- **Storage:** If not using the mouse for an extended period, turn off the power switch to conserve battery life. Store the USB receiver inside the mouse's designated slot to prevent loss.

TROUBLESHOOTING

Mouse Not Responding

- Ensure the mouse is powered on. Check the power switch on the underside.
- Check the batteries. Replace them if they are low or depleted.
- Ensure the USB receiver is securely plugged into a working USB port on your computer. Try a different USB port.
- Move the mouse closer to the USB receiver to ensure it's within range.
- Restart your computer.

Erratic Cursor Movement

- Ensure the mouse is used on a clean, non-reflective surface. Avoid glass or highly reflective surfaces.
- Clean the optical sensor on the underside of the mouse with a soft, dry cloth.
