Honey-Can-Do 12-Drawer Rolling Storage Cart and Organizer Instruction Manual

Model: CRT-01683

INTRODUCTION

This instruction manual provides details for the assembly, operation, and maintenance of the Honey-Can-Do 12-Drawer Rolling Storage Cart and Organizer. This unit features 12 plastic drawers and a chrome frame, designed for organizing various items in home, office, or studio environments. Its rolling design allows for easy repositioning, and locking wheels provide stability.

SAFETY INFORMATION

- Ensure all components are securely fastened during assembly and before use.
- Do not overload drawers. Distribute weight evenly to maintain stability.
- Lock wheels when the cart is stationary to prevent unintended movement.
- Keep small parts away from children during assembly.
- Avoid placing hot items directly on the top surface.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Chrome Metal Frame (pre-assembled sections)
- 12 Plastic Drawers (various sizes as specified)
- Top Surface Panel (perforated metal)
- Casters (wheels, some with locking mechanism)
- Drawer Knobs
- Assembly Hardware (screws, Allen wrench)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly tools and instructions are included with your purchase. The process is designed to be straightforward.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify against the package contents list.
2. **Assemble Frame:** Connect the frame sections using the provided screws and Allen wrench. Ensure all connections are snug but do not overtighten initially.
3. **Attach Casters:** Insert the casters into the designated holes at the bottom of the frame. Some casters may have a locking mechanism; ensure these are installed in accessible positions.
4. **Secure Top Panel:** Place the perforated metal top panel onto the assembled frame. Secure it with any remaining screws if applicable.
5. **Insert Drawers:** Slide the plastic drawers into their respective slots. Attach the drawer knobs by screwing them into the pre-drilled holes.
6. **Final Tightening:** Once fully assembled, go back and tighten all screws to ensure the frame is sturdy.

OPERATING INSTRUCTIONS

- **Moving the Cart:** To move the cart, unlock any engaged casters by flipping their locking levers. Gently push or pull the cart using the top handles.
- **Securing the Cart:** Once the cart is in the desired location, engage the locking casters to prevent it from rolling.
- **Using Drawers:** The semi-transparent plastic drawers allow for easy identification of contents. Pull drawers out gently using the knobs. To prevent items from falling out, avoid pulling drawers completely out unless necessary for loading/unloading.
- **Workspace Functionality:** The sturdy top surface can be used as an additional workspace for various tasks.

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Plastic drawers can be removed and washed with mild soap and water. Ensure all parts are dry before reassembly.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten as needed to maintain the cart's stability.
- **Drawer Operation:** If drawers become difficult to slide, ensure they are not overloaded and that the tracks are free of debris.

TROUBLESHOOTING

Issue: Cart feels unstable or wobbly.

Solution: Check all assembly screws and tighten them securely. Ensure the casters are fully inserted and, if

applicable, locking casters are engaged when stationary.

Issue: Drawers are difficult to open or close.

Solution: Verify that drawers are not overloaded. Remove some contents if necessary. Inspect the drawer tracks for any obstructions or debris and clean if needed.

Issue: Screws loosen over time.

Solution: Periodically re-tighten all screws. For added security, a thread-locking compound (e.g., Loctite Blue) can be applied to screw threads during assembly, as suggested by some users, to prevent loosening.
