Perfex 2460

Perfex Adjustable Pepper Grinder Mill User Manual

Model: 2460

1. PRODUCT OVERVIEW

The Perfex Adjustable Pepper Grinder Mill is designed for grinding various types of peppercorns. Manufactured in Saint-Etienne, France, since 1946, it features a heavyweight aluminum body and a high-carbon steel grinding mechanism for durability and consistent performance.

Key features include:

- Adjustable burr-style grinding mechanism for fine to coarse textures.
- Durable heavyweight aluminum construction.
- High-carbon steel grinding mechanism designed for longevity.
- Convenient front-loading chute for easy refilling.
- Crank-style handle for comfortable manual operation.

2. SETUP

2.1 Unpacking

Carefully remove the pepper mill from its packaging. Inspect the unit for any signs of damage. Retain packaging for future storage or transport if needed.

2.2 Filling the Pepper Mill

1. Locate the front-loading chute on the body of the pepper mill.
2. Gently open the front chute.
3. Fill the chute with whole peppercorns. Do not overfill.
4. Close the front chute securely.

3. OPERATING INSTRUCTIONS

3.1 Adjusting Grind Coarseness

The grind coarseness can be adjusted from fine to coarse. To adjust:

- Turn the locking nut located on the underside of the pepper mill.
- Turn clockwise for a finer grind.
- Turn counter-clockwise for a coarser grind.

3.2 Grinding Peppercorns

Once filled and adjusted:

1. Hold the pepper mill firmly.
2. Turn the crank-style handle in a clockwise direction.
3. Continue turning until the desired amount of ground pepper is dispensed.

4. MAINTENANCE

4.1 Cleaning

- Wipe the exterior of the pepper mill clean with a dry cloth.
- Do not use abrasive cleaners or immerse the unit in water.
- The pepper mill is **not** dishwasher safe.

4.2 Storage

Store the pepper mill in a dry environment away from excessive moisture to maintain its condition.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Crank handle is stiff or difficult to turn.	Grinding mechanism is too tight or requires lubrication.	<ul style="list-style-type: none"> Loosen the adjustment nut on the underside slightly. Apply a small drop of food-grade mineral oil to the crank arm's pivot point if it's stiff.
No pepper or inconsistent grind.	Insufficient peppercorns, mechanism clogged, or incorrect adjustment.	<ul style="list-style-type: none"> Ensure the mill is adequately filled with peppercorns. Adjust the grind coarseness setting. Empty the mill and gently tap to dislodge any blockages in the grinding mechanism.
Grind is too fine or too coarse.	Grind adjustment nut is set incorrectly.	Refer to Section 3.1 "Adjusting Grind Coarseness" to reset the desired grind.

6. SPECIFICATIONS

- **Model:** 2460
- **Material:** Aluminum
- **Grinding Mechanism:** High-Carbon Steel
- **Color:** Silver
- **Operation Mode:** Manual
- **Product Dimensions:** 2 x 2.5 x 4 inches
- **Item Weight:** 7.2 ounces
- **Manufacturer:** Harold Imports
- **Origin:** Made in Saint-Etienne, France
- **UPC:** 781723024602, 793842217292

7. WARRANTY AND SUPPORT

7.1 Warranty Information

The Perfex Pepper Grinder Mill is constructed with durable materials and a robust design, intended to provide long-lasting performance. The manufacturer states the product is "Built to last a lifetime." For specific warranty claims or details, please refer to the documentation provided at the time of purchase or contact the retailer.

7.2 Customer Support

For further assistance or inquiries regarding your Perfex Pepper Grinder Mill, please contact the retailer from whom the product was purchased. Specific customer support contact information for the manufacturer is not provided in this manual.
