

MANHATTAN 130103

MANHATTAN Hi-Speed USB 2.0 2.5-Inch SATA Drive Enclosure (Model 130103) User Manual

INTRODUCTION

This manual provides detailed instructions for the installation, operation, maintenance, and troubleshooting of your MANHATTAN Hi-Speed USB 2.0 2.5-Inch SATA Drive Enclosure, Model 130103. This device is designed to convert an internal 2.5-inch SATA hard disk drive (HDD) or solid-state drive (SSD) into a portable external storage solution, offering convenient data access and transfer capabilities.

PACKAGE CONTENTS

- MANHATTAN Hi-Speed USB 2.0 2.5-Inch SATA Drive Enclosure (Model 130103)
- Integrated USB 2.0 cable

SETUP

1. Drive Installation

1. Gently stretch the silicone enclosure to reveal the internal SATA connector.
2. Align your 2.5-inch SATA HDD or SSD with the SATA data and power connectors inside the enclosure. Ensure the drive is oriented correctly.
3. Carefully push the drive onto the connectors until it is firmly seated. Do not force the connection.
4. Adjust the silicone casing around the installed drive to ensure a snug and protective fit. The opening on the front of the enclosure should remain clear for ventilation.

This image displays the MANHATTAN Hi-Speed USB 2.0 2.5-Inch SATA Drive Enclosure. It features a black silicone casing designed to protect a 2.5-inch SATA drive. An integrated USB cable is visible on the left side, ready for connection to a computer. The front of the enclosure has a rectangular opening, likely for ventilation and access.

2. Connecting to a Computer

1. Locate the integrated USB 2.0 cable on the side of the enclosure. This cable can be stored securely using the side-mounted magnetic clasp when not in use.
2. Connect the USB plug of the enclosure's cable to an available USB 2.0 port on your desktop or notebook computer.
3. The operating system will automatically detect the new hardware. For new drives, you may need to

initialize and format the drive through your operating system's disk management utility before use. Refer to your operating system's documentation for instructions on disk initialization and formatting.

OPERATING INSTRUCTIONS

Plug and Play Functionality

The MANHATTAN Drive Enclosure supports Plug and Play, meaning it can be connected to your computer without requiring additional driver installation. Once connected, the drive will be recognized by your operating system.

Hot-Swappable Capability

This enclosure is hot-swappable, allowing you to connect and disconnect the device from your computer while the computer is running, without needing to restart. Always ensure that data transfer operations are complete and safely eject the drive through your operating system before disconnecting to prevent data loss.

Data Transfer

The enclosure utilizes a Hi-Speed USB 2.0 interface, supporting data transfer rates of up to 480 Mbps. Actual transfer speeds may vary depending on the connected drive, computer hardware, and operating system.

Compatibility

The device is compatible with Windows and Mac operating systems.

MAINTENANCE

Cleaning

To clean the silicone enclosure, wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.

Heat Dissipation

The silicone design includes an opening that aids in dissipating heat generated by the internal drive. Ensure this opening is not obstructed during operation to maintain optimal performance and drive longevity.

Storage

When not in use, the integrated USB cable can be secured with its magnetic clasp for compact storage and travel. Store the enclosure in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

- **Drive Not Detected:**
 - Ensure the USB cable is securely connected to both the enclosure and the computer.
 - Try connecting to a different USB port on your computer.
 - Verify that the 2.5-inch SATA drive is correctly seated within the enclosure's SATA connectors.
 - For new drives, ensure the drive has been initialized and formatted through your operating system's disk management utility.

- Test the enclosure with a different known-good 2.5-inch SATA drive, if available.
- **Slow Data Transfer:**
 - Ensure you are connecting to a USB 2.0 port. While compatible with USB 1.1, performance will be significantly reduced.
 - Check the health of the internal SATA drive. A failing drive can result in slow performance.
 - Close any unnecessary applications running on your computer that might be consuming system resources.
- **Enclosure Feels Warm:**
 - It is normal for the enclosure to feel warm during extended use, especially with high-performance drives.
 - Ensure the ventilation opening on the enclosure is not blocked.
 - If the temperature is excessively hot, disconnect the device and allow it to cool. Verify the drive is properly installed and the enclosure is not in an enclosed space.

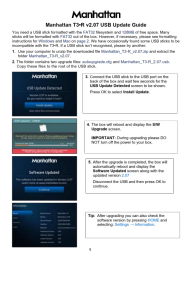

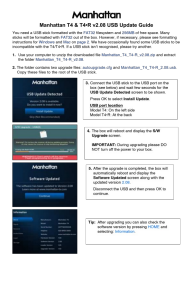

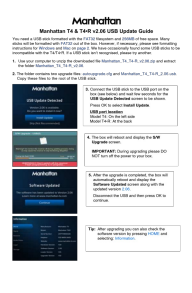

SPECIFICATIONS

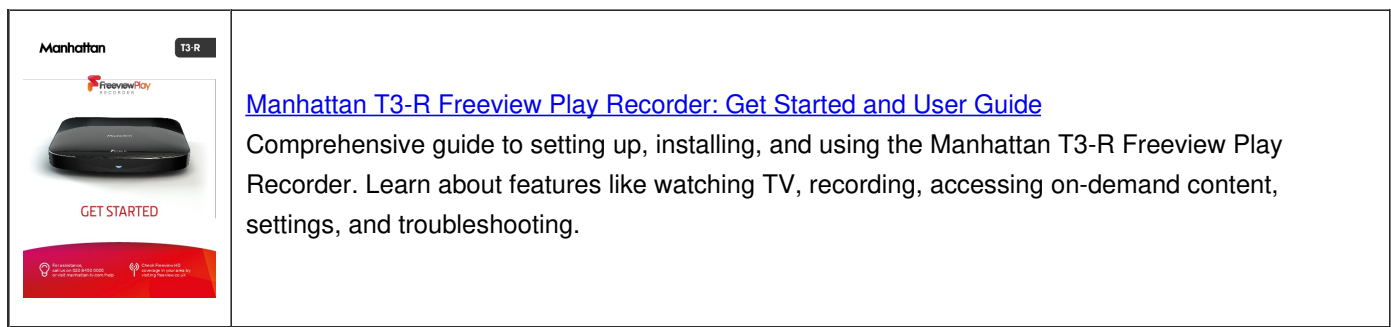

Feature	Detail
Model Number	130103
Brand	MANHATTAN
Interface	USB 2.0 (Hi-Speed)
Compatible Drive Type	2.5-inch SATA HDD/SSD
Data Transfer Rate	Up to 480 Mbps
Material	Silicone
Color	Black
Dimensions (Product)	8.35 x 3.15 x 5.71 inches
Item Weight	1.41 ounces
Operating System Compatibility	Windows, macOS
Special Features	Portable, Plug and Play, Hot-swappable, Integrated USB cable with magnetic clasp

WARRANTY AND SUPPORT

MANHATTAN products are engineered to deliver reliable performance. For specific warranty information and technical support, please refer to the documentation included with your purchase or visit the official MANHATTAN website. Keep your proof of purchase for warranty claims.

Schaffen Sie neue Transfer- und Speicherlösungen für wichtige Daten

Installieren Sie eine ungenutzte oder neue Festplatte in einem Manhattan Laufwerksgehäuse und erweitern Sie die Speicherkapazitäten für PCs und Notebooks. Die widerstandsfähige Silikon-Konstruktion schützt das 2,5"-Laufwerk vor den kleinen Beschädigungen im täglichen Umgang. Mit dem integrierten, flexiblen USB-Kabel lässt es sich schnell anschließen und eignet sich hervorragend für unterwegs. Windows und Mac Kompatibilität und Plug and Play machen das Manhattan Laufwerksgehäuse zu einer vielseitigen Speicherlösung, die ohne Netzteil oder zusätzliche Kabel und Adapter auskommt.

Merkmale:

- Unterstützt Datenübertragungsraten bis zu 480 Mbit/s
- Silikonkonstruktion bietet festen Sitz, passende Polsterung, schützt das Laufwerk und ermöglicht gute Kühlung
- Geeignet für 2,5"-SATA-Laufwerke, leichte und schnelle Installation - inklusive integriertem USB-Kabel
- Leichtes und rutschfestes Design ist ideal für unterwegs

Drive Enclosure
Hi-Speed USB 2.0, SATA, 2.5", Black Silicone
Part No.: 130103
EAN-13: 0766623130103 UPC: 766623130103

Create new storage solutions to transfer, share and store important data.

Install an idle or new hard disk drive into a Manhattan Drive Enclosure to expand storage capacities for desktop and notebook computers. Its durable, one-piece silicone construction easily stretches and conforms to help protect most 2.5-inch drives from daily hazards and minor impacts. Once properly installed, the generous opening helps dissipate damaging heat generated from a high-performance SATA drive. A flexible, built-in USB cable quickly attaches to any USB port or conveniently stores for travel using a side-mounted magnetic clasp. Windows and Mac compatibility with plug-and-play and hot-swappable capabilities helps provide a versatile portable storage solution without bulky external power supplies or annoying cables and adapters.

Features:

- Supports data transfer rates for up to 480 Mbps
- Silicone construction provides snug, cushioned fit that protects drive and permits ventilation
- Fits standard 2.5 in. SATA drives with easy, quick installation — includes built-in USB cable
- Lightweight, slip-resistant design ideal for portable storage

Obudowa do dysków

Hi-Speed USB 2.0, SATA, 2.5", czarna

Part No.: 130103

EAN-13: 0766623130103 UPC: 766623130103

Features:

- Szybkość przesyłania danych do 480 Mbps
- Silikonowa konstrukcja to wygodne, dokładne dopasowanie, jednocześnie zapewniające bezpieczeństwo napędu oraz jego dobrą wentylację
- Szybka prosta instalacja napędów SATA 2.5" - w zestawie wbudowany kabel USB, obsługa dysków twardych o pojemności do 1TB
- Lekkie i wygodne - idealne nadaje się jako urządzenie przenośne
- Wspiera z systemami Windows i Macintosh; Plug and Play, hot-swapp
- Gwarancja "Lifetime Warranty"

Specyfikacja:

Parametry techniczne:

- Chipset MA6116
- Złącza wewnętrzne danych SATA typu-L oraz zasilania
- Prędkość odczytu - 29 MB/s; zapisu - 19.8 MB/s
- Temperatura pracy: 0 - 45°C
- Kabel USB A męski, 5 cm; wbudowany z magnetyczną zapinką
- Wymiary: 11 x 7.4 x 1.2 cm
- Waga: 40 g

Wymagania systemowe:

- Wolny port USB A
- System Windows 2000/XP/Vista/7/8 lub Mac OS 9,2

Zawartość opakowania:

- Obudowa do dysków
- Instrukcja szybkiej instalacji

Gabinete para Disco Duro

USB de Alta Velocidad 2.0, SATA, 2.5", Negro

Part No.: 130103

EAN-13: 0766623130103 UPC: 766623130103

Cree nuevas soluciones de almacenamiento para transferir, compartir y respaldar datos importantes.

Instale un disco duro nuevo o usado en los Gabinetes para Disco Duro MANHATTAN para expandir las capacidades de almacenamiento para las computadoras de escritorio y portátiles. Su construcción durable, de una pieza de silicon se ajusta y protege las unidades de 2.5" de la mayoría de golpes e impactos menores. Una vez instalado, sus ventilaciones generosas ayudarán a disipar el calor que generan las unidades de almacenamiento SATA. Su cable USB incluido conecta a cualquier puerto esta unidad para su transportación usando su broche magnético lateral. Su compatibilidad con Windows y Mac con funciones de Plug and Play y hot-swappable ayudan a proporcionar una solución de almacenamiento versátil sin necesidad de tener fuentes de alimentación externas o adaptadores.

Features:

- Soporta tasas de transferencia de hasta 480 Mbps
- Construcción de silicon para proporcionar un ajuste amortiguador a las unidades y permitir su ventilación
- Se ajusta a unidades SATA de 2.5" con una instalación fácil y rápida - incluye cable USB
- Ligero, diseño antiderripante ideal para su transportación
- Compatible con Windows y Macintosh, "Plug and Play", "Hot-swappable"
- Tres años de garantía

Box esterno per Hard Disk

USB 2.0 Hi-Speed, SATA, 2.5", Nero, Silicone

Part No.: 130103

EAN-13: 0766623130103 UPC: 766623130103

Caratteristiche:

- Supporta trasferimento dati fino a 480Mbps.
- La costruzione in silicone aderisce al disco ma allo stesso tempo lo protegge, permettendone la ventilazione.
- Permette l'innesco di dischi 2.5" SATA standard grazie ad un'installazione rapida e semplice - con cavo USB incorporato.
- Ultra-leggero, anti-scivolo, ideale per l'archiviazione portatile.
- Compatibile Windows e Macintosh, Plug and Play, hot swappable.
- Tre anni di garanzia.

Specifiche:

Informazioni generali

- Chipset MA6116
- Connessione interna SATA tipo L per dati e alimentazione
- Trasferimento dati: lettura, 29 Mbps; scrittura, 19.8 Mbps
- Temperatura operativa: 0 - 45° C
- Cavo USB tipo A maschio, 5 cm; incorporato con attacco magnetico
- 11 x 7.4 x 1.2 cm
- 40 g

Requisiti di sistema

- Porta USB tipo A disponibile
- Windows 2000/XP/Vista/7/8 o Mac OS 9.2 e superiore

Contenuto della confezione

Boîtier pour lecteur de disque

USB 2.0 haut débit, SATA, 2.5", Noir

Part No.: 130103

EAN-13: 0766623130103 UPC: 766623130103

Créez de nouvelles solutions de stockage pour transférer, partager et stocker des données importantes.

Installez un nouveau disque dur (ou un disque dur inactif) dans un boîtier pour lecteur de disque MANHATTAN pour étendre les capacités de stockage des ordinateurs de bureau et des ordinateurs portables. Sa structure, solide, extensible et en une pièce, vous aide à protéger la plupart des lecteurs de 2.5 pouces des incidents mineurs quotidiens. Une fois le boîtier correctement installé, la grande ouverture permet de réduire les dommages liés à la chaleur générée par un disque SATA hautes performances. Un cordon USB intégré flexible peut être fixé rapidement à un port USB. Grâce à sa fermeture magnétique latérale, il est également facile à ranger lors de déplacements. Compatibilité Windows et Mac avec les fonctionnalités Plug-and-Play et de remplacement à chaud. Solution de stockage portable polyvalente, qui ne nécessite ni alimentation externe, ni câbles, ni adaptateurs.

Caractéristiques:

- Prise en charge de débits de transfert atteignant 480 Mbits/s.
- Ajustée et maitrisée, sa structure en silicone protège les disques et en permet la ventilation.
- Accepte des disques 2.5" SATA standard ; installation simple et rapide, avec câble USB intégré.
- Léger et antidérapant, idéal pour le stockage portable.
- Compatible Windows et Macintosh, Plug-and-Play, démontable à chaud.
- Garantie de trois ans.
