Lund Catch-It Vinyl Rear Seat Floor Mat Instruction Manual

Model: 383002-T | Brand: LUND

1. PRODUCT OVERVIEW

The Lund Catch-It Vinyl Rear Seat Floor Mat (Model 383002-T) is engineered to provide superior protection for your vehicle's rear floor area. Constructed from durable vinyl, this mat is designed to trap dirt, mud, snow, and spills, keeping your vehicle's carpet clean and extending its lifespan. Its custom-fit design ensures maximum coverage and a secure fit.

2. SETUP AND INSTALLATION

Installing your Lund Catch-It floor mat is a straightforward process. Ensure the vehicle's rear floor area is clean and free of any obstructions before placement.

- 1. Prepare the Area:** Remove any existing floor mats or debris from the rear passenger footwell. Vacuum or

wipe down the carpet to ensure a clean surface.

2. **Position the Mat:** Carefully unroll the Lund Catch-It mat and align it with the contours of your vehicle's rear floor. Ensure it sits flat and does not interfere with seat movement or other vehicle controls.
3. **Secure the Mat:** The mat is designed with anti-slip nubs on the underside to prevent shifting. Press down firmly on the mat to engage these nubs with the carpet, ensuring a secure and stable fit.

Figure 2: The Lund Catch-It mat properly installed in the rear passenger area of a vehicle. This image demonstrates how the mat conforms to the vehicle's floor, providing comprehensive coverage and a neat appearance.

3. OPERATING AND USAGE

The Lund Catch-It floor mat is designed for continuous use, providing protection against everyday wear and tear, as well as accidental spills.

- **All-Weather Protection:** The durable vinyl material and raised edges are effective in containing water, snow, mud, and dirt, preventing them from reaching your vehicle's carpet.
- **Spill Containment:** In the event of a liquid spill, the mat's perimeter lip and textured surface are designed to hold the liquid, minimizing spread and making cleanup easier.
- **Foot Traffic:** The robust construction withstands heavy foot traffic, protecting the underlying carpet from abrasion and stains.

Figure 3: A spilled beverage demonstrating the spill containment capabilities of the Lund Catch-It mat. The raised edges and channels effectively trap liquids, preventing them from soaking into the vehicle's carpet.

4. MAINTENANCE AND CLEANING

Regular cleaning will maintain the appearance and effectiveness of your Lund Catch-It floor mat.

- **Routine Cleaning:** For light dirt and dust, simply shake out the mat or wipe it with a damp cloth.
- **Deep Cleaning:** For heavier dirt or spills, remove the mat from the vehicle. You can hose it down with water, use a mild soap or automotive cleaner, and scrub with a soft brush if necessary.
- **Drying:** Allow the mat to air dry completely before placing it back in the vehicle to prevent moisture buildup under the mat.
- **Anti-Slip Nubs:** Periodically check the anti-slip nubs on the underside of the mat (see Figure 5) to ensure they are free of debris and can properly grip the carpet.

Figure 4: The Lund Catch-It mat being cleaned with a hose. Its durable vinyl construction allows for easy and thorough cleaning with water, making maintenance simple.

Figure 5: A close-up view of the anti-slip nubs on the underside of the Lund Catch-It mat. These nubs are crucial for preventing the mat from sliding and ensuring it stays securely in place.

5. TROUBLESHOOTING

Most issues with floor mats are related to improper installation or maintenance.

- **Mat is Sliding:** If the mat is sliding, remove it and ensure the vehicle's carpet is clean and dry. Re-position the mat, pressing down firmly to engage the anti-slip nubs. Check if any debris is lodged under the mat or on the nubs.
- **Mat Does Not Lie Flat:** If the mat appears warped or does not lie flat, it may be due to improper storage or extreme temperature changes. Place the mat in a warm area or in direct sunlight for a short period to allow the material to relax and flatten. Ensure it is correctly aligned with the vehicle's contours.
- **Persistent Odor:** If an odor develops, it may be due to trapped moisture or spills. Perform a thorough deep cleaning as described in Section 4 and ensure the mat is completely dry before re-installing.

6. SPECIFICATIONS

Attribute	Detail
Brand	LUND
Model Number	383002-T
Material	Vinyl
Color	Tan

Attribute	Detail
Position	Rear
Product Dimensions	79.38 x 55.88 x 8.89 cm
Item Weight	0.28 g
Fit Type	Universal Fit
UPC	612959065292

7. WARRANTY AND SUPPORT
