1. IMPORTANT SAFETY INFORMATION

Please read all safety warnings and instructions before using this product to prevent injury or damage.

- **Do not use this product for purposes other than its intended use.** Misuse may cause injury or product malfunction.
- Keep out of reach of children.
- Do not use near water or in wet environments.
- Always unplug the device when not in use and before cleaning.
- Allow the device to cool completely before storing.

2. PRODUCT OVERVIEW

The Create Ion Curl Pro SR-32 is a professional-grade hair iron designed to create bouncy, shiny curls with minimal hair damage. It features advanced heating technology and ergonomic design for ease of use.

Key Features:

- **Create Ion Titanium Processing:** The pipe surface is treated with highly durable Create Ion Titanium for smooth hair glide, reducing friction and hair burden.
- **Create Ion Silicone Rubber:** The pipe section incorporates elastic silicone rubber that gently fits the hair, allowing for optimal tension to create long-lasting curls.
- **Rapid Heat-up:** Equipped with two high-efficiency heaters, the iron heats up quickly and maintains a stable temperature during styling, minimizing temperature drops.
- **10-Stage Digital Temperature Control:** Adjust temperature from approximately 120°C to 210°C in 10°C increments to suit various hair types and styling needs.
- **Digital Temperature Display:** Clear digital display for easy temperature monitoring.
- **Finger Rim:** An ergonomic finger rim on the handle prevents hand slippage, enhancing control during

styling.

- **Automatic Power Off:** The device automatically turns off approximately one hour after the last button operation for safety.

3. SETUP

1. **Unpack the Device:** Carefully remove the hair iron from its packaging.
2. **Inspect for Damage:** Check the device and power cord for any signs of damage. Do not use if damaged.
3. **Plug In:** Insert the power plug into a suitable electrical outlet. Ensure the voltage matches the device's requirements.
4. **Placement:** Place the hair iron on a heat-resistant surface, away from flammable materials.

4. OPERATING INSTRUCTIONS

Basic Operation:

1. **Power On:** Press and hold the power button (U) until the digital display illuminates.
2. **Set Temperature:** Use the '+' and '-' buttons to adjust the desired temperature. The temperature will be displayed digitally. The iron will reach the set temperature quickly (approximately 90 seconds).

3. **Styling:** Once the desired temperature is reached, the iron is ready for use. Take a section of dry hair, open the clamp, place the hair between the barrel and clamp, and close the clamp. Gently glide the iron down the hair section, rotating it to create curls.
4. **Power Off:** After styling, press and hold the power button (U) until the display turns off. Unplug the device from the outlet.
5. **Cool Down:** Allow the hair iron to cool completely on a heat-resistant surface before storing.

Styling Tips:

- Ensure hair is completely dry before styling.
- Use a heat protectant spray to minimize heat damage.
- For tighter curls, use smaller sections of hair and a higher temperature. For looser waves, use larger sections and a lower temperature.
- Hold the curl in place for a few seconds before releasing for better hold.

5. MAINTENANCE

Proper maintenance ensures the longevity and performance of your hair iron.

- 1. **Cleaning:** Ensure the device is unplugged and completely cool before cleaning. Wipe the barrel and handle with a soft, damp cloth. Do not use abrasive cleaners or immerse the device in water.
- 2. **Storage:** Store the cooled hair iron in a dry place, away from moisture and direct sunlight. Do not wrap the power cord tightly around the device, as this can damage the cord.
- 3. **Cord Care:** Regularly check the power cord for any signs of damage, such as fraying or cuts. If damaged, discontinue use and contact customer support.
