Energizer 2CR5BP1

Energizer 2CR5 Lithium Battery Instruction Manual

Model: 2CR5BP1

INTRODUCTION

The Energizer 2CR5 Lithium Battery is designed to provide reliable power for various electronic devices, commonly used in cameras. This manual provides essential information regarding its safe use, installation, and disposal.

SAFETY INFORMATION

WARNING: Risk of fire. Battery can explode or leak and cause injury if installed backwards, disassembled, charged, crushed, mixed with used or other battery types, or exposed to fire or high temperature. Keep out of reach of children. Keep in original package until ready to use. Dispose of used battery promptly.

- **100% Leak Proof:** This battery is designed to be 100% leak proof based on standard use.
- **Extreme Temperature Performance:** The battery performs reliably in extreme temperatures ranging from -40°F to 140°F (-40°C to 60°C).

SETUP AND INSTALLATION

To install the Energizer 2CR5 Lithium Battery:

1. Identify the battery compartment in your device.
2. Observe the polarity markings (+ and -) inside the compartment and on the battery.
3. Insert the battery, ensuring correct alignment with the polarity markings.
4. Close the battery compartment securely.

Always refer to your device's instruction manual for specific battery installation procedures.

OPERATING INSTRUCTIONS

Once correctly installed, the Energizer 2CR5 Lithium Battery will provide power to your compatible electronic device. The operational life of the battery will vary depending on the device's power consumption and usage patterns.

MAINTENANCE

- Store unused batteries in their original packaging in a cool, dry place.
- Do not store batteries with metal objects like coins or keys, as this can cause a short circuit.
- Check the 'best if used by date' on the battery label for optimal performance.

TROUBLESHOOTING

If your device does not power on after installing the battery:

- Ensure the battery is inserted with the correct polarity (+ and -).
- Check that the battery compartment is closed properly.
- Verify that the battery is new and not depleted.
- If the issue persists, try a different battery or consult your device's manual.

SPECIFICATIONS

Model Number	2CR5BP1
Battery Type	Lithium Metal
Battery Cell Composition	Lithium Manganese Dioxide
Battery Capacity	3 Volts
Product Dimensions	0.79 x 0.39 x 1.97 inches
Item Weight	1.41 ounces
Replaces	EL2CR5, 2CR5, DLCR2B, KL2CR5

DISPOSAL

Dispose of used batteries promptly and responsibly according to local regulations. This product uses recyclable paperboard packaging.

SUPPORT AND CONTACT INFORMATION

For support or inquiries, please contact the distributor in your region:

- **Energizer Philippines, Inc.:** 23rd Floor, Hanston Square, 17 San Miguel Avenue, Ortigas Center, Pasig City 1605, Metro Manila, Philippines.
- **Energizer Malaysia Sdn Bhd (3481-M):** Level 24, The Pinnacle, Persiaran Lagoon, Bandar Sunway, 46150 Petaling Jaya, Selangor Darul Ehsan, Malaysia. Toll-free number: **1800 1800 80**.
- **Al-Marina Engineering Hi Tech (Egypt):** 21 Mohamed Ramzy St., Cairo, Egypt.
- **() (Hong Kong):** Customer service hotline: **3126 2270**.
