Grande Cosmetics AD1298

Grande Cosmetics GrandeLASH-MD Lash Enhancing Serum User Manual

Model: AD1298

PRODUCT OVERVIEW

The GrandeLASH-MD Lash Enhancing Serum is an award-winning formula designed to enhance the appearance of longer, thicker-looking lashes. Infused with vitamins, peptides, and amino acids, this ophthalmologist-tested serum aims to deliver visible improvements within 4-6 weeks, with full results typically observed in 3 months.

SETUP AND INITIAL APPLICATION

Before your first application, ensure your upper lash line is clean and dry. Remove any makeup or contact lenses. The serum is applied directly to the skin of the upper lash line, similar to how you would apply liquid eyeliner.

The Serum *Experts*

As the #1 lash & brow serum brand, we set the standard for products that deliver real, undeniable results. Discover enhancing serums for longer looking lashes, bolder looking brows & beyond.

OPERATING INSTRUCTIONS

1. **Prepare:** Ensure your face is clean and dry. Remove all makeup and contact lenses.
2. **Apply:** Dip the applicator once into the serum. Wipe any excess product off the applicator. Apply a single stroke to the skin of your upper lash line, from inner to outer corner, just above your natural lash line. Use only one dip for both lash lines.
3. **Dry:** Allow 2-3 minutes for the serum to fully dry before applying other products or lying down.
4. **Frequency:** Apply once daily. For sensitive individuals, start by applying 2-3 times a week initially, then gradually increase to daily use as tolerated.

KEY INGREDIENTS

GrandeLASH-MD is formulated with a blend of beneficial ingredients to support lash health and growth:

- **Prostaglandin-Powered:** A potent key ingredient for promoting lash appearance.
- **Honey & Aloe Vera:** Nourishing extracts that help soothe lashes and skin.
- **Radish Root:** Peptide-packed for conditioning properties.

USAGE TIMELINE AND EXPECTED RESULTS

Consistent daily application is crucial for optimal results. The typical timeline for observing changes is as follows:

- **4-6 Weeks:** Initial results may become visible, with lashes appearing longer and thicker.
- **3 Months:** Full improvement in lash appearance is generally achieved.
- **After 3 Months:** To maintain results, continue using the serum every other day.

SAFETY INFORMATION

GrandeLASH-MD has undergone extensive safety and performance studies. It is ophthalmologist-tested and clinically proven not to cause peri-orbital fat loss or iris color change. However, it is important to follow application guidelines:

- **Avoid Dripping:** Wipe excess product off the applicator before applying.
- **Avoid Eyes:** Do not get the serum into your eyes. In the event of direct contact, rinse thoroughly with cool water immediately.
- **Sensitive Skin:** While sensitivity is rare, if you have highly sensitive skin, start with 2-3 applications per week and gradually increase frequency. Discontinue use if sensitivities occur.
- **Do Not Apply to Lower Lashes:** Apply only to the upper lash line.

FREQUENTLY ASKED QUESTIONS

Lash Serum 101 — How To Use — Sensitivity → Safety — Brush — Maintenance

 **Can I use GrandeLASH-MD if I have sensitive skin?**

 While sensitivity is rare, there is always a possibility whenever introducing a new beauty product.

 You can start slow by using 2-3 times a week initially, then transition to daily use.

 If sensitivities occur, discontinue use.

TROUBLESHOOTING & FAQs

Brush Appears Dry

GrandeLASH-MD is specifically packaged to ensure the perfect amount of product is on the brush. Since the serum is lightweight, the applicator may seem dry, but a little goes a long way. The carefully designed soft-tip brush delivers the precise amount needed.

FREQUENTLY ASKED QUESTIONS

Lash Serum 101 — How To Use — Sensitivity — Safety → Brush — Maintenance

 **Has GrandeLASH-MD been studied for safety?**

 GrandeLASH-MD is the most-studied cosmetic lash serum. GrandeLASH-MD has passed in-depth third-party safety studies with flying colors – many above and beyond what typical beauty brands do.

 **10+ Safety and Performance Studies. 8-month Clinical Study**

 **Full formula & ingredient toxicological review. Does not cause iris color change or periorbital fat loss.**

 **Ophthalmologist tested**

What if I stop using GrandeLASH-MD?

Just like hair, your lashes have a natural cycle, including natural shedding. GrandeLASH-MD requires continued use to maintain its benefits. After 3 months of daily use, it is recommended to use the serum every other day to maintain your desired lash appearance.

FREQUENTLY ASKED QUESTIONS

Lash Serum 101 — How To Use — Sensitivity — Safety — Brush → Maintenance

 **I received my GrandeLASH-MD and the brush seems dry. Is it?**

 GrandeLASH-MD has been specifically packaged to ensure the perfect amount of product is on the brush. Since the serum is lightweight, the applicator may seem dry, but it's because a little goes a long way!

Carefully designed soft-tip brush delivers the perfect amount of product
