# Safco Products 50026 24-inch Hanging Clamps Instruction Manual

Model: 50026

## PRODUCT OVERVIEW

The Safco Products 50026 24-inch Hanging Clamps are designed for organizing and storing large documents such as blueprints, maps, and oversized sheets. These clamps are constructed from aluminum with black nylon wing knobs, providing secure gripping tension for your documents. Each clamp includes clear plastic label holders for easy identification of contents.

This product is sold in cartons containing 6 clamps.

## FEATURES

- **Durable Construction:** Made from aluminum with black nylon wing knobs for long-lasting use.
- **Document Capacity:** Each clamp can hold up to 100 sheets or 20 lbs of material.
- **Labeling:** Equipped with clear plastic label holders for easy content identification.
- **Compatibility:** Designed for use with Safco Products File Cabinet Models 5023AH, 5016, 5026, 5030, 5040, 5041, 5059 & 5060 (cabinets sold separately).
- **Sheet Size:** Suitable for sheets measuring 24 inches by 36 inches.

## SETUP AND USE

The Safco 24-inch Hanging Clamps are designed for straightforward use. Follow these steps to secure and organize your documents:

1. **Prepare Documents:** Gather the sheets you intend to store. Ensure they are aligned neatly.

2. **Open Clamp:** Loosen the black nylon wing knobs on the clamp to open the gripping mechanism.

3. **Insert Documents:** Carefully insert the top edge of your documents into the open clamp. Ensure the documents are evenly distributed across the clamp's length for balanced gripping.

4. **Secure Documents:** Tighten the black nylon wing knobs until the documents are held firmly in place. Do not overtighten.

5. **Add Label:** Insert a descriptive label into the clear plastic label holder to identify the contents of the clamp.

6. **Hang Clamp:** The clamp is now ready to be hung in a compatible Safco file cabinet or storage unit.

## MAINTENANCE

To ensure the longevity and proper function of your Safco hanging clamps, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the aluminum surfaces with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Inspection:** Periodically check the nylon wing knobs and the gripping mechanism for any signs of wear or damage.
- **Storage:** Store clamps in a dry environment when not in use to prevent corrosion.

## TROUBLESHOOTING

If you encounter any issues with your Safco hanging clamps, consider the following:

- **Documents Slipping:** Ensure the nylon wing knobs are tightened sufficiently. Verify that the documents are not exceeding the maximum capacity of 100 sheets or 20 lbs.
- **Difficulty Opening/Closing:** Check for any obstructions in the gripping mechanism. Ensure the wing knobs are not cross-threaded.
- **Label Holder Issues:** If labels are difficult to insert or remove, ensure they are cut to the correct size for the clear plastic holder.

## SPECIFICATIONS

| Model Number | 50026 |
| --- | --- |
| Size | 24 inches |
| Material | Aluminum, Nylon |
| Color | Grey |
| Sheet Capacity | Up to 100 sheets |
| Weight Capacity | Up to 20 lbs |
