Note: Vehicles, track, and playsets are sold separately and are subject to availability. This specific model is not for use with some Hot Wheels sets.

SETUP

The Hot Wheels #725 Race Team Series IV '67 Camaro is ready for display or play directly out of its packaging. Carefully remove the car from its blister pack, ensuring not to damage the packaging if you wish to preserve it for collector value.

OPERATING

This die-cast car is designed for rolling play on flat surfaces or compatible Hot Wheels tracks. Simply place the car on a surface and push it to make it roll. For optimal performance on tracks, ensure the wheels are clean and free of debris.

MAINTENANCE

- **Cleaning:** To clean the car, gently wipe it with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the paint or decals.
- **Storage:** Store the car in a cool, dry place away from direct sunlight to prevent fading or material degradation. For collectors, consider display cases to protect against dust and damage.

TROUBLESHOOTING

- **Car does not roll smoothly:** Check the wheels for any trapped debris, hair, or dust. Gently remove any obstructions. Ensure the axles are not bent.
- **Paint or decals appear damaged:** Die-cast cars are delicate. Avoid dropping or impacting the car. Minor imperfections are sometimes part of the manufacturing process.
