### Westin Westin Mid-Weight Down Blanket

# Westin Mid-Weight Down Blanket King (104" x 90") User Manual

Comprehensive instructions for the Westin Mid-Weight Down Blanket, King size, including setup, usage, care, and specifications.

## 1. PRODUCT OVERVIEW

---

The Westin Mid-Weight Down Blanket is designed to provide comfort and warmth. This King-sized blanket measures 104 inches by 90 inches and features a 100% cotton cover with a down fill.

*Image: A neatly folded Westin Mid-Weight Down Blanket, showcasing its plush appearance and white color.*

## 2. KEY FEATURES

---

- **230 Thread Count Cotton Cover:** Ensures a soft and comfortable feel.
- **100% Cotton Material:** Provides breathability and natural comfort.

- **Baffle Box Construction:** Keeps the down filling evenly distributed, preventing shifting and cold spots.
- **Mid-Weight Down Fill:** Offers balanced warmth suitable for various seasons.
- **Machine Washable:** Designed for easy care and maintenance.

*Image: Visual representation of the blanket's key features, including thread count, material, construction, and care instructions.*

### 3. SETUP AND INITIAL PREPARATION

---

1. **Unpacking:** Carefully remove the blanket from its packaging.
2. **Fluffing:** Due to packaging, the blanket may appear compressed. Gently shake and air out the blanket for a few hours to allow the down fill to expand and regain its loft. This can be done by laying it flat or placing it in a dryer on a no-heat, air-fluff cycle for 10-15 minutes.
3. **Placement:** Position the blanket on your bed. It can be used as a standalone blanket or as an insert within a duvet cover.

### 4. USAGE GUIDELINES

---

The Westin Mid-Weight Down Blanket is designed for year-round comfort. Its down fill helps regulate temperature, providing warmth in cooler conditions and breathability in warmer ones.

- **Seasonal Use:** The mid-weight design makes it versatile for both summer and winter, adapting to room temperature.
- **Layering:** For additional warmth in very cold environments, the blanket can be layered with other bedding.

## 5. CARE AND MAINTENANCE

Proper care ensures the longevity and performance of your down blanket.

- **Washing:** The blanket is machine washable. Use a large capacity washing machine with cold water on a gentle cycle. Use a mild detergent.
- **Drying:** Tumble dry on a low heat setting. To help fluff the down and prevent clumping, add a few clean tennis balls or dryer balls to the dryer. Ensure the blanket is completely dry before storing or reusing to prevent mildew. This may require multiple drying cycles.
- **Storage:** Store in a breathable bag in a cool, dry place when not in use. Avoid compressing for extended periods to maintain loft.
- **Spot Cleaning:** For small spills, spot clean with a mild detergent and water, then air dry thoroughly.

## 6. SPECIFICATIONS

Feature	Detail
Brand	Westin
Model Name	Westin Mid-Weight Down Blanket
Size	King (104"L x 90"W)
Material	100% Cotton Cover
Fill Material	Down

## 7. TROUBLESHOOTING

- **Blanket feels too warm:** The mid-weight design is intended for balanced warmth. If you find it too warm, consider adjusting your room temperature or using lighter sleepwear.
- **Blanket appears flat or lumpy:** This can occur after storage or washing. Follow the fluffing instructions in Section 3 and drying instructions in Section 5 to restore loft and even distribution of down.
- **Down visible through fabric / Blanket appears greyish:** The natural color of down fill can

sometimes be visible through lighter fabric covers. This is a characteristic of down products and does not affect performance.

- **Blanket does not fill duvet cover completely:** This blanket is designed to be a mid-weight down blanket and can also function as a duvet insert. Slight variations in fit with different duvet covers are possible.

## 8. WARRANTY AND SUPPORT

For information regarding warranty coverage or product support, please refer to the official Westin product documentation or contact Westin customer service directly. Contact details are typically available on the manufacturer's website or original product packaging.
