OPERATING INSTRUCTIONS

The Coaster Avalon Loft Bed is designed for daily use as both a sleeping area and a functional workspace.

- **Bed Usage:** Use a full-size mattress on the top bunk. Ensure the mattress is not too thick, allowing the guardrails to function effectively.
- **Ladder Access:** Always use the integrated ladder to safely access and exit the top bunk. Face the ladder when climbing up or down.
- **Workstation Use:** The desk provides a surface for study or work. The keyboard tray slides out for convenience. The integrated shelf can be used for books, supplies, or decorative items.
- **Weight Distribution:** Distribute weight evenly on the desk and shelves. Avoid placing excessively heavy items on the workstation components.

MAINTENANCE

Proper care and maintenance will extend the life and appearance of your loft bed.

- **Cleaning:** Clean the metal frame and workstation surfaces using a damp cloth. Do not use strong chemicals, abrasive cleaners, or harsh solvents, as these can damage the finish.
- **Hardware Checks:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connections. Tighten any loose hardware to ensure the bed remains stable and safe.
- **Avoid Moisture:** Keep the bed and workstation dry. Wipe up spills immediately.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or damage to the finishes.

TROUBLESHOOTING

If you encounter issues with your loft bed, refer to the following common solutions:

- **Squeaking or Wobbling:**
 - Check all assembly hardware. Loose bolts or screws are the most common cause of instability. Tighten all connections.
 - Ensure the bed is placed on a level surface. Adjust leg levelers if present, or place shims under legs if necessary.
- **Difficulty with Assembly:**
 - Re-read the assembly instructions carefully. Ensure all parts are oriented correctly.
 - Do not force parts together. If a part does not fit, double-check the step in the manual.
 - Ensure you have all the correct parts as per the package contents list.
- **Damaged or Missing Parts:**
 - Refer to the "Warranty and Support" section for contact information to request replacement parts.
