MAINTENANCE

To ensure the longevity of your U-Build Mouse Trap game, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down plastic components with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the surfaces.
- **Storage:** Store all game pieces in their original box or a suitable container to prevent loss or damage. Keep the game in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle all game pieces, especially the smaller U-Build bricks and marble mice, with care to prevent breakage or deformation.

TROUBLESHOOTING

If you encounter any issues while playing your U-Build Mouse Trap game, consider the following common solutions:

- **Missing Pieces:** Double-check the game box and surrounding play area. If pieces are genuinely missing, contact customer support (see Warranty & Support section).
- **Difficulty Assembling Bricks:** Ensure the bricks are aligned correctly before pressing them together. Apply gentle, even pressure. Avoid forcing pieces, as this can cause damage.
- **Marble Mice Not Launching Properly:** Verify that the boot launcher mechanism is correctly assembled and positioned. Ensure there are no obstructions in the path of the marble. Check if the marble itself is clean and free of debris.
- **Game Board Instability:** Ensure the game board is placed on a flat, stable surface. Check that all connecting pieces are securely interlocked.
