Garnier R2 Medium Intense Auburn (Goji Berry)

Garnier Nutrisse Ultra Color Hair Color R2 Medium Intense Auburn (Goji Berry) Instruction Manual

Model: R2 Medium Intense Auburn (Goji Berry)

PRODUCT OVERVIEW

Garnier Nutrisse Ultra Color Nourishing Creme is a permanent hair color designed to transform naturally dark hair with vibrant, fade-resistant results. The formula includes a fruit oil ampoule containing avocado, olive, coconut, argan, and shea oils, which helps to nourish hair during the coloring process. This product aims to provide long-lasting color and improved hair texture.

IMPORTANT SAFETY INFORMATION

WARNING: Hair color products can cause allergic reactions, which in certain rare cases can be severe. It is essential to perform a skin allergy test 48 hours before each use of this product, even if you have previously used coloring products. Do not use if you have had a reaction to a hair color product or if your scalp is sensitive, itchy, or damaged. Tattoos may increase the risk of an allergic reaction. Do not use over compound henna or progressive color. Wait at least 14 days after bleaching, relaxing, or perming hair before use. This product is not intended for use on children. Read all labeling and instructions completely before use.

WHAT'S INCLUDED IN THE KIT

Each Garnier Nutrisse Ultra Color kit typically includes:

- Colorant Creme
- Developer Creme
- Fruit Oil Ampoule (containing avocado, olive, coconut, argan, and shea oils)
- After-Color Conditioner

- Pair of Gloves
- Instruction Leaflet

PREPARATION

1. **Perform Allergy Test:** 48 hours before application, perform a skin allergy test as directed in the instruction leaflet.
2. **Gather Supplies:** Ensure you have an old towel, a timer, and a non-metallic bowl (if not using the applicator bottle).
3. **Protect Clothing:** Drape an old towel over your shoulders to protect your clothes from stains.
4. **Wear Gloves:** Put on the gloves provided in the kit before beginning the mixing process.
5. **Hair Condition:** Apply to dry, unwashed hair.

APPLICATION INSTRUCTIONS

Follow these steps carefully for optimal results:

1. Mix the Color:

- Unscrew the cap from the Developer Creme bottle.
- Puncture the Colorant Creme tube and squeeze the entire contents into the Developer Creme bottle.
- Snap and pour the entire contents of the Fruit Oil Ampoule into the Developer Creme bottle.
- Replace the cap on the Developer Creme bottle and shake vigorously for 60 seconds until the mixture is thoroughly blended.
- Immediately twist off the tip of the applicator cap to prevent the bottle from bursting.

2. Apply the Color:

- **Full Head Application (First-time coloring or significant root growth):**
Apply the mixture to dry, unwashed hair, starting at the roots and working your way to the ends. Ensure even saturation. Leave on for 30 minutes.
- **Root Touch-Up Application (For visible root growth):**
Apply the mixture to the root area only. Leave on for 20 minutes. Then, apply the remaining mixture to the rest of the hair and leave on for an additional 10 minutes.

3. Rinse:

After the processing time, add a small amount of warm water to your hair and gently massage to emulsify the color. Rinse hair thoroughly with cool water until the water runs clear.

4. Condition:

Apply the entire contents of the After-Color Conditioner to your hair. Leave on for 2-5 minutes, then rinse thoroughly. This silicone-free conditioner helps to lock in color and protect against dryness.

HAIR TYPE AND QUANTITY RECOMMENDATION

The amount of product needed may vary based on hair length, density, and curl pattern. Refer to the guide below to ensure complete saturation for even color results.

Image: Chart illustrating recommended number of Garnier Nutrisse boxes based on hair length and curl type (2B-4C).

- **Short to Medium Hair (Fine to Medium Density):** Typically 1 box.
- **Medium to Long Hair (Medium to Thick Density or Curly/Coily):** May require 2 or more boxes for full coverage.

INGREDIENTS

For a complete list of ingredients, please refer to the product packaging. Key components include:

- **Colorant:** Contains ingredients such as Cetearyl Alcohol, Propylene Glycol, Ammonium Hydroxide, and various color pigments.
- **Fruit Oil Concentrate:** Includes Mineral Oil, Grape Seed Oil, and Tocopherol.
- **Rinse-Out Conditioner:** Features Palm Oil, Apple Fruit Extract, Glycerin, Shea Butter, Citric Acid, Olive Fruit Oil, Avocado Oil, and Black Currant Seed Oil.
- **Developer:** Contains Hydrogen Peroxide, Cetearyl Alcohol, and Phosphoric Acid.

Note: Always store the product between 50° and 80° F (10° and 27° C).

TROUBLESHOOTING

Issue	Possible Cause	Solution
Color did not take evenly	Insufficient saturation, uneven application, or previous hair treatments.	Ensure hair is fully saturated during application. For future applications, consider using more product or sectioning hair more thoroughly.
Color is too dark/light	Processing time too long/short, or initial hair color was different than expected.	Adhere strictly to recommended processing times. For future applications, perform a strand test to gauge color development.
Scalp irritation or itching	Allergic reaction or sensitivity to ingredients.	Rinse immediately and discontinue use. Consult a medical professional if irritation persists. Always perform a skin allergy test 48 hours prior to use.
Hair feels dry or damaged	Over-processing or insufficient conditioning.	Use the provided after-color conditioner as directed. Incorporate deep conditioning treatments into your hair care routine.

SPECIFICATIONS

- **Product Name:** Garnier Nutrisse Ultra Color Hair Color
- **Shade:** R2 Medium Intense Auburn (Goji Berry)
- **Hair Color Permanence:** Permanent
- **Item Form:** Cream
- **Number of Items:** 1 Count
