

Bruder 02137

Bruder CAT Compact Track Loader

INSTRUCTION MANUAL

Model: 02137

INTRODUCTION

The Bruder CAT Compact Track Loader is a highly detailed and functional toy designed for realistic play. This 1:16 scale model replicates the powerful, flexible, and mobile characteristics of a real CATERPILLAR Multi Terrain Loader. Its rubber-chain drive ensures low ground pressure and excellent maneuverability across various surfaces, making it ideal for both indoor and outdoor adventures. The movable arm can be locked in multiple positions, and the bucket is designed for effective loading and dumping. This manual provides essential information for safe operation, maintenance, and understanding the features of your new toy.

SAFETY INFORMATION

Please read and understand all safety information before allowing children to play with the product.

- **Small Parts:** This product contains small parts and is not suitable for children under 3 years old due to a choking hazard.
- **Supervision:** Adult supervision is recommended during play, especially when using the toy in sandboxes or near water.
- **Intended Use:** This toy is designed for play and is not intended for real construction work or to carry heavy loads beyond its design capacity.

PRODUCT FEATURES

- **Realistic Design:** Authentically modeled after a CAT construction vehicle, providing a true-to-life play experience.
- **Adjustable Loading Arm:** The loading arm is height-adjustable and can be raised, lowered, and locked into various positions for versatile play.
- **Movable Rubber Chains:** Equipped with durable rubber tracks that move smoothly, allowing the loader to navigate different terrains with ease.
- **Functional Bucket:** The front bucket can be tilted and detached, enabling realistic loading and dumping actions.
- **Spacious Cab:** The operator's cab is designed to accommodate small action figures, enhancing imaginative play.
- **Durable Construction:** Manufactured from high-quality, robust plastics such as ABS, ensuring long-lasting durability for indoor and outdoor play.

SETUP

The Bruder CAT Compact Track Loader comes fully assembled and ready for play directly out of the box. No assembly is required.

1. **Unboxing:** Carefully remove the toy from its packaging.
2. **Inspection:** Inspect the toy for any visible damage or missing parts. Ensure the rubber tracks are securely in place.
3. **Ready to Play:** The loader is now ready for immediate use.

OPERATING INSTRUCTIONS

The CAT Compact Track Loader offers various interactive features for engaging play:

- **Moving the Loader:** Push or pull the loader across surfaces. The movable rubber tracks are designed to provide smooth movement on various terrains, including carpet, sand, and hard floors.
- **Adjusting the Loading Arm:** To raise or lower the loading arm, gently lift or push down on the arm itself. The arm features multiple locking positions to hold it at desired heights.

Figure 2: The adjustable loading arm can be positioned at various heights for different play scenarios.

- **Operating the Bucket:** The front bucket can be manually tilted to scoop or dump materials. It can also be unclipped and reattached for different play configurations or to simulate dumping.

Figure 3: Front view of the loader, highlighting the functional bucket.

- **Placing Figures:** The detailed cab allows for small action figures to be placed inside, enhancing imaginative role-play as a construction worker.

MAINTENANCE

To ensure the longevity and optimal performance of your Bruder CAT Compact Track Loader, follow these simple maintenance tips:

- **Cleaning:** Wipe the toy with a damp cloth to remove dirt, dust, or sand. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and air drying.
- **Track Care:** Periodically check the rubber tracks for any trapped debris (sand, small stones, etc.). The tracks can be carefully removed from the wheels for thorough cleaning if necessary, then reattached.
- **Storage:** Store the toy in a clean, dry place away from direct sunlight and extreme temperatures when not in use.

TROUBLESHOOTING

If you encounter any issues with your Bruder CAT Compact Track Loader, consider the following:

- **Stuck Tracks:** If the tracks are not moving smoothly, check for any obstructions (e.g., hair, string, large debris) caught in the wheels or tracks. Clear any blockages.
- **Loose Parts:** While designed for durability, occasionally check that all movable parts (arm, bucket) are securely attached. Reattach if they have come loose.
- **General Wear:** Over extended periods of heavy play, some parts may show signs of wear. This is normal for toys.

SPECIFICATIONS

Feature	Detail
Product Dimensions	15 x 6.3 x 7.3 inches
Item Weight	1.3 pounds
Item Model Number	02137
Manufacturer Recommended Age	36 months - 10 years
Material	High-quality plastics (ABS)
