4. SETUP AND PRE-ASSEMBLY

No additional tools or glue are required for the assembly of this puzzle. All pieces are designed to interlock securely.

1. **Prepare Your Workspace:** Choose a clean, flat, and well-lit surface to assemble the puzzle. Ensure sufficient space to lay out the puzzle sheets.
2. **Familiarize Yourself with Pieces:** Carefully remove the puzzle sheets from the packaging. Observe the numbering and design patterns on the pieces.
3. **Review Instructions:** Before detaching any pieces, thoroughly read through the entire instruction booklet to understand the assembly sequence.

5. OPERATING (ASSEMBLY STEPS)

Follow the numbered steps and corresponding diagrams in the instruction booklet. The general assembly process involves detaching pieces and interlocking them according to the visual guides.

1. **Step 1: Identify Components.** Locate the various sheets of puzzle pieces. They are typically numbered or grouped for easier identification.
2. **Step 2: Construct Base Structures.** Begin by assembling the foundational elements of the cathedral, often starting with the main central structure and its base.
3. **Step 3: Build Lower Sections.** Attach the surrounding lower towers and architectural features to the central structure, following the numerical order provided.
4. **Step 4: Assemble Upper Sections and Domes.** Progress to building the upper parts of the towers and the distinctive onion domes. Pay close attention to the interlocking tabs and slots.
5. **Step 5: Final Assembly and Details.** Connect all major sections and add any remaining decorative elements or spires to complete the model.

Tips for Assembly:

- **Gentle Handling:** The pieces are made of paper and EPS foam board. Apply gentle pressure when detaching and interlocking to avoid tearing or bending.

- **Match Numbers:** Each piece is typically numbered. Match corresponding numbers for correct assembly.
- **Visual Reference:** Refer to the completed model images and the video below for visual guidance throughout the process.

6. MAINTENANCE

To preserve the quality and appearance of your assembled 3D puzzle:

- **Dusting:** Gently dust the model regularly with a soft, dry cloth or a soft-bristled brush to prevent dust accumulation.
- **Storage/Display:** Display the model in a stable location away from direct sunlight, excessive heat, or humidity to prevent fading or warping of the paper and foam materials.
- **Avoid Liquids:** Do not use water or cleaning solutions on the puzzle, as this can damage the material and printed designs.

7. TROUBLESHOOTING

If you encounter any issues during assembly, consider the following:

- **Pieces Not Fitting:** Ensure you are using the correct pieces for the current step by cross-referencing the numbers and diagrams in the instruction booklet. Do not force pieces together, as this can cause damage.
- **Missing Pieces:** While rare, if you believe a piece is missing, carefully re-check all puzzle sheets and your workspace. If a piece is genuinely missing, contact CubicFun customer support for assistance.
- **Model Instability:** Verify that all interlocking tabs are fully engaged and that the base is securely connected. Ensure the model is placed on a flat, stable surface.
