Biohort LeisureTime Metallic Dark Gray Deck Box - 210 Gallon Instruction Manual

Model: 68030 | Brand: Biohort

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Biohort LeisureTime Metallic Dark Gray Deck Box, Model 68030. This robust and weatherproof outdoor storage solution offers 210 gallons of capacity, ideal for cushions, pool accessories, and garden tools. Constructed from galvanized steel and aluminum, it features a soft-close lid and a lockable design for enhanced security. Please read this manual thoroughly before assembly and use to ensure safe and proper handling.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- The deck box is a heavy item. Use proper lifting techniques or seek assistance during assembly and relocation to prevent injury.
- Ensure the lid is securely closed when not in use, especially in windy conditions.
- Do not allow children to play inside the deck box to avoid suffocation.
- Do not store flammable materials or hazardous chemicals inside the deck box.
- Periodically check all fasteners and connections to ensure they remain tight and secure.

3. PARTS LIST

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included packing list for a complete inventory. Key components typically include:

- Side Panels (various sizes)
- Base Panel
- Lid Panel
- Hydraulic Rods (for soft-close lid)
- Assembly Hardware (screws, nuts, washers)
- Locking Mechanism components

4. SETUP AND ASSEMBLY

Assembly of the Biohort LeisureTime Deck Box is designed to be straightforward. Follow the step-by-step instructions provided in the manufacturer's printed manual for detailed diagrams and specific part identification. General steps include:

1. **Prepare the Area:** Choose a flat, level surface for assembly. Clear any obstructions and ensure sufficient space.
2. **Assemble Side Panels:** Connect the side panels to the base panel using the interlocking mechanism. Ensure each panel clicks securely into place.
3. **Attach Remaining Panels:** Continue attaching the remaining side panels, ensuring all connections are firm.
4. **Install Lid:** Carefully position the lid onto the assembled base. Attach the hydraulic rods according to the manual's instructions, ensuring they are correctly oriented for the soft-close function.
5. **Secure Components:** Use the provided hardware to secure all connections. Tighten screws firmly

but do not overtighten.

6. **Final Check:** Verify that all panels are securely attached, the lid opens and closes smoothly, and the locking mechanism functions correctly.

Note on Videos:

No official seller-provided assembly videos are available for this specific product at this time. Please rely on the detailed written instructions and diagrams in your physical manual for assembly guidance.

5. OPERATING INSTRUCTIONS

- **Opening the Lid:** Gently lift the lid using the integrated handle. The hydraulic rods will assist in smooth opening and holding the lid in an open position.
- **Closing the Lid:** Gently pull the lid down. The soft-close mechanism will ensure a controlled and quiet closure, preventing slamming.
- **Locking Mechanism:** The deck box is equipped with a lockable design. Insert a padlock (not included) into the designated hole on the front of the box to secure your stored items.
- **Seating Function:** The robust lid is designed to support up to 220 pounds, allowing it to be used as additional seating. Ensure the lid is fully closed before sitting on it.

6. MAINTENANCE

To ensure the longevity and appearance of your Biohort LeisureTime Deck Box, follow these maintenance guidelines:

- **Cleaning:** Clean the exterior regularly with a soft cloth, mild soap, and water. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Rinse thoroughly and dry.
- **Inspection:** Periodically inspect the deck box for any signs of wear, damage, or loose fasteners. Tighten any loose screws as needed.
- **Lid Hinges:** The hydraulic rods are designed for maintenance-free operation. Avoid applying excessive force when opening or closing the lid.
- **Winter Care:** While the box is weatherproof, consider storing delicate items indoors during extreme winter conditions. Ensure the box is empty and dry before prolonged storage.

7. TROUBLESHOOTING

- **Lid does not close smoothly:** Check for any obstructions around the hinges or inside the box. Ensure the hydraulic rods are correctly installed and not damaged. Verify that the box is on a level surface.
- **Water accumulation inside:** Ensure the lid is fully closed and sealed. Check for any cracks or damage to the panels. Verify that the box is not placed in an area where water can pool around its

base.

- **Panels feel loose:** Re-check all screw connections and ensure they are tightened. If panels are not clicking into place, disassemble and re-assemble carefully, ensuring proper alignment.

8. SPECIFICATIONS

- **Brand:** Biohort
- **Model Number:** 68030
- **Color:** Steel Quartz Gray
- **Material:** Aluminum, Galvanized Steel, Metal (weather-resistant, durable)
- **Product Dimensions:** 71"L x 28"W x 31"H
- **Capacity:** 210 Gallons
