Gillette Venus ComfortGlide White Tea Women's Razor Blades Instruction Manual

Model: 47400319103

PRODUCT OVERVIEW

Venus female razor blades are designed with a woman's body in mind. Venus ComfortGlide White Tea women's razors have 3 blades for a smooth, close shave. The razor refills come equipped with gel bars that release body butters with a white tea fragrance, for glide and comfort. Featuring a pivoting design that adjusts to your body's contours, these blades offer an easy and effortless shaving experience.

- **2-IN-1 SHAVE GEL BARS:** The Venus ComfortGlide Razor lathers and shaves in every stroke—no shave cream required!
- **WHITE TEA SCENT:** Transforms your shave routine into a refreshing experience.
- **3 BLADES FOR A CLOSE SHAVE:** Lubrication strip glides over skin to help protect from shave irritation.
- **REFILLS FIT ALL VENUS HANDLES:** These razor blade refills fit any Venus handle (Except Simply Venus and Venus for Pubic Hair and Skin).
- **EASY & EFFORTLESS:** Ideal for first-time shavers and anyone looking for an everyday smooth for up to 30 days of shaves based on 2x/week shave.
- **WORLD'S #1 FEMALE RAZOR BRAND:** More women worldwide choose Gillette Venus over any other razor brand!

SETUP AND INSTALLATION

Replacing your razor blade is a simple process to ensure a consistently smooth shave.

1. **Remove Old Blade:** Press the release button on your Venus razor handle to detach the used blade cartridge.
2. **Prepare New Blade:** Take a new Venus ComfortGlide White Tea razor blade refill from its packaging.
3. **Attach New Blade:** Align the new blade cartridge with the razor handle and push until it clicks securely into place.

OPERATING INSTRUCTIONS

For optimal results and a comfortable shave, follow these steps:

1. **Wet Skin:** Thoroughly wet the area you intend to shave with warm water.
2. **Glide Gently:** The built-in gel bars will lather upon contact with water. Glide the razor gently over your skin, allowing the 3 blades and moisturizing bars to work together for a smooth pass.
3. **Follow Contours:** The pivoting head of the Venus ComfortGlide razor is designed to adapt to your body's curves, ensuring a close and comfortable shave even in hard-to-reach areas.
4. **Rinse Regularly:** Rinse the razor head frequently under running water during your shave to prevent hair and product buildup.

MAINTENANCE

Proper care of your razor blades ensures longevity and consistent performance.

- **Rinse After Use:** After each shave, thoroughly rinse the blade under running water to remove any hair or residue. Do not tap the razor against the sink or wipe it, as this can damage the blades.
- **Air Dry:** Allow the razor to air dry completely after rinsing. Store it in a dry place, ideally using a shower holder to keep it clean and dry between shaves.
- **Replace Blades:** For best results, replace your razor blade refill when the moisturizing bars wear down or when you notice any dullness or discomfort during shaving. One blade typically lasts up to 30 days based on 2x/week shaving.

Shower holder

helps keep the razor clean & dry in between shaves

TROUBLESHOOTING

Problem	Possible Cause	Solution
Skin irritation or razor burn	Dull blade, dry shaving, or improper technique.	Replace blade, ensure skin is wet, use gentle strokes. The built-in gel bars help prevent this.
Blades feel rough or tugging	Blade is dull or clogged with hair/product.	Rinse blade thoroughly during and after use. Replace blade if dullness persists.
Blade not fitting handle	Incorrect blade type for handle.	Ensure you are using Venus blade refills with a compatible Venus handle (except Simply Venus and Venus for Pubic Hair and Skin).
