MAINTENANCE

To maintain the appearance and longevity of your WENKO Norway Wine Rack:

- **Cleaning:** Wipe the rack with a dry cloth to remove dust and spills. Avoid using abrasive cleaners or harsh chemicals, as these

- **Wood Care:** The rack is enhanced with natural oak oil. Periodically, you may re-oil the wood with a suitable wood care product to maintain its luster and protect the surface.
- **Placement:** Avoid placing the rack in direct sunlight or near heat sources, which can cause the wood to dry out or warp.

- **Rack appears wobbly or unstable:**
 - Ensure all assembly connections are tight and secure.
 - Verify the rack is placed on a completely flat and level surface.
 - Distribute bottles evenly to balance the weight.
