## Fit & Fresh 336KFF

# Instruction Manual: Cool Coolers Slim Ice Packs

Model: 336KFF

## INTRODUCTION

---

The Fit & Fresh Cool Coolers Slim Ice Packs are designed to keep your food and beverages cold for extended periods. These compact and reusable ice packs are ideal for lunch bags, grocery totes, coolers, and picnic baskets, offering efficient cooling without taking up excessive space. This manual provides essential information on the proper use and care of your Cool Coolers Slim Ice Packs to ensure optimal performance and longevity.

## PRODUCT FEATURES

- **Slim & Powerful Design:** Each ice pack measures approximately 4.75" x 0.5" x 5", making them suitable for tight spaces and stacking. They are designed to stay cold for hours.
- **Durable and Reusable:** Constructed for repeated use, these ice packs are long-lasting and resistant to leaks, ensuring your items remain clean and dry.
- **Versatile Application:** Perfect for insulated lunch bags, lunch boxes, baby bags, and picnic totes. They provide consistent cooling without the mess of melting ice.
- **Safe and Non-Toxic:** Made with BPA-free plastic and featuring leakproof protection, these ice packs are non-toxic and safe for use with unpackaged food.
- **Easy to Clean:** Simply rinse and pat dry after use.

## SETUP

1. **Unpack:** Remove the Cool Coolers Slim Ice Packs from their packaging.
2. **Initial Freeze:** For optimal cooling performance, place the ice packs in a freezer for a minimum of 8-12 hours before first use. Ensure they are laid flat to allow the internal gel to freeze evenly.

## OPERATING INSTRUCTIONS

---

Once fully frozen, your Cool Coolers Slim Ice Packs are ready for use.

- **Placement:** Insert the frozen ice packs into your insulated lunch bag, lunch box, cooler, or picnic tote. For best results, position them strategically around the items you wish to keep cold.
- **Multiple Packs:** Using multiple ice packs can enhance cooling power and extend the duration of cold retention, especially in larger containers or warmer environments.
- **Avoid Direct Contact (Optional):** While safe for unpackaged food, some users prefer to place a barrier (like a small towel or plastic wrap) between the ice pack and delicate food items to prevent condensation transfer.

**KEEPS  
COOL FOR  
HOURS!**

## MAINTENANCE

- **Cleaning:** After each use, hand wash the ice packs with mild soap and water.
- **Drying:** Pat them dry thoroughly before refreezing or storing to prevent ice buildup or mildew.
- **Storage:** Store the ice packs in the freezer when not in use, so they are always ready for your next outing.
- **Do Not Microwave:** These ice packs are not designed for heating. Do not place them in a microwave.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Ice packs not staying cold long enough.	Not fully frozen before use. Insufficient number of ice packs for the container size/temperature. Container not adequately insulated.	Ensure ice packs are frozen for at least 8-12 hours. Use more ice packs, especially for larger coolers or in hot weather. Use a well-insulated lunch bag or cooler.
Condensation on ice packs.	Normal temperature difference.	This is normal. If concerned about moisture on items, place a thin cloth or plastic bag around the ice pack.
Ice pack appears damaged or leaking.	Physical damage or defect.	Discontinue use immediately. Contact Fit & Fresh customer support for assistance.

## SPECIFICATIONS

---

- **Model Name:** Cool Coolers
- **Model Number:** 336KFF
- **Color:** Blue
