Prem-i-air EH1308

Prem-I-Air Elite Warm / Cool Mist Humidifier User Manual

Model: EH1308

Introduction

Thank you for purchasing the Prem-I-Air Elite Warm / Cool Mist Humidifier. This manual provides important information regarding the safe operation, installation, maintenance, and troubleshooting of your new humidifier. Please read this manual thoroughly before use and retain it for future reference.
This stylish and contemporary humidifier features a 4-liter semi-transparent black tank, a built-in night light function, a power-on neon light, a water shortage indicator, and spray volume adjustment. It also incorporates silver clean technology to inhibit the growth of bacteria and mold in the tank. The unit offers up to 18 hours of successive warm humidification or over 55 hours of cool humidification on a low setting.

Important Safety Instructions

- Always place the humidifier on a firm, flat, water-resistant surface away from direct sunlight and heat sources.
- Do not place the humidifier directly on carpet or a towel.
- Ensure the power cord is not damaged and is placed where it will not be tripped over.
- Do not immerse the unit in water or other liquids.
- Unplug the humidifier before filling, cleaning, or moving it.
- Do not add essential oils or other additives directly into the water tank unless specifically designed for this unit.
- Keep out of reach of children and pets.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent mineral buildup.

Product Components

Familiarize yourself with the parts of your Prem-I-Air Humidifier:

- Water Tank (4L capacity)
- Base Unit with Control Panel
- Mist Nozzle/Outlet
- Humidity Control Dial
- Warm/Cool Mist Selector
- Night Light Button
- Power Indicator Light
- Water Shortage Indicator Light
- Cleaning Brush (for ultrasonic sensor)

Setup and Initial Use

1. **Unpack:** Carefully remove the humidifier from its packaging. Retain all packaging materials for future storage or transport.
2. **Placement:** Place the humidifier on a flat, stable, water-resistant surface at least 15 cm (6 inches) away from walls and furniture. Ensure the mist outlet is not directed at walls or furniture.
3. **Fill Water Tank:**
    - Remove the water tank from the base unit.
    - Unscrew the tank cap at the bottom of the tank.
    - Fill the tank with clean, cool tap water. Distilled or demineralized water is recommended to minimize mineral residue. Do not fill with hot water.
    - Securely screw the tank cap back on.
    - Place the filled water tank back onto the base unit, ensuring it is seated correctly.
4. **Connect Power:** Plug the power cord into a suitable electrical outlet. The power indicator light will illuminate.

Operating Instructions

Turning On/Off and Mist Output Adjustment:

1. **Power On:** Turn the humidity control dial clockwise from the "OFF" position. The power indicator light will turn on.

2. **Adjust Mist Output:** Continue turning the humidity control dial clockwise to increase the mist output. Turn counter-clockwise to decrease it.
3. **Power Off:** Turn the humidity control dial counter-clockwise until it clicks into the "OFF" position.

Warm/Cool Mist Selection:

The humidifier offers both warm and cool mist options.

- **Cool Mist:** Ensure the Warm/Cool Mist selector switch is in the "COOL" position.
- **Warm Mist:** Slide the Warm/Cool Mist selector switch to the "WARM" position. Allow a few minutes for the heating element to warm up and produce warm mist.

Night Light Function:

The humidifier features a built-in night light.

- Press the "NIGHT LAMP" button to turn the night light on or off.

Water Shortage Indicator:

When the water level in the tank is low, the water shortage indicator light will illuminate, and the unit will automatically stop mist production. Refill the water tank as per the "Setup and Initial Use" section.

Maintenance and Cleaning

Regular cleaning is essential for optimal performance and hygiene. Always unplug the humidifier before cleaning.

Daily Maintenance:

- Empty the water tank and base reservoir daily.
- Rinse the water tank and base reservoir with fresh water.
- Wipe the base reservoir dry with a clean cloth.

Weekly Cleaning (or more often with hard water):

1. **Descaling the Base Reservoir:**
    - Mix 1 teaspoon of white vinegar with 1 cup of water.
    - Pour the solution into the base reservoir.
    - Let it stand for 20-30 minutes.
    - Use the provided cleaning brush to gently clean the ultrasonic nebulizer (the small metal disc).
    - Pour out the solution and rinse the reservoir thoroughly with clean water until the vinegar smell is gone.
2. **Cleaning the Water Tank:**
    - Add a small amount of the vinegar solution to the water tank.
    - Shake the tank gently and let it stand for 20-30 minutes.
    - Rinse the tank thoroughly with clean water.
3. **Drying:** Allow all parts to air dry completely before reassembling or storing.

Caution: Do not use harsh chemicals, abrasive cleaners, or scouring pads to clean the humidifier. Do not immerse the base unit in water.

Troubleshooting Guide

Problem	Possible Cause	Solution
No mist or very little mist	• No water in tank • Water shortage indicator on • Mineral buildup on nebulizer • Mist output set too low	• Refill water tank • Refill water tank • Clean the ultrasonic nebulizer (refer to Maintenance) • Increase mist output with the dial
Unusual odor	• Stale water • Mineral buildup or mold/bacteria	• Empty and refill tank daily • Clean the entire unit thoroughly (refer to Maintenance)
White dust around humidifier	Hard water mineral content	Use distilled or demineralized water. Clean regularly.
Unit not turning on	• Not plugged in • Power outlet issue • Water tank not seated correctly	• Ensure power cord is securely plugged in • Test outlet with another appliance • Remove and re-seat the water tank firmly

Product Specifications

Model Number:	EH1308
Brand:	Prem-i-air
Capacity:	4 Liters (approx. 1.06 gallons)
Runtime (Warm Humidification):	Up to 18 hours
Runtime (Cool Humidification, low setting):	Over 55 hours
Special Features:	Night Light, Water Shortage Indicator, Spray Volume Adjustment, Silver Clean Technology
Item Weight:	3.6 kg
