## MAUL 63356-84

# MAUL Mobile Whiteboard 63356-84 Instruction Manual

Model: 63356-84

## INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your MAUL Mobile Whiteboard, model 63356-84. This self-standing, double-sided whiteboard features a plastic-coated, magnetic writing surface and a sturdy silver-powder-coated frame with lockable wheels for easy mobility. Please read all instructions carefully before use to ensure proper setup and safe operation.

## SETUP INSTRUCTIONS

---

Follow these steps to assemble your mobile whiteboard:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list are present.
2. **Assemble the Base Frame:** Connect the horizontal support bars to the vertical frame uprights. Ensure all connections are secure.

Image: Close-up view of the base frame connection point, illustrating how the horizontal and vertical components of the stand are joined.

3. **Attach Wheels:** Insert the four wheels into the designated slots at the bottom of the base frame. Two of these wheels are lockable. Ensure they are firmly seated.

Image: A detailed view of one of the lockable caster wheels, showing the wheel and the locking mechanism.

4. **Mount the Whiteboard Panel:** Carefully attach the whiteboard panel to the assembled frame uprights. Ensure the panel is centered and securely fastened using the provided hardware. The board is designed for double-sided use.
5. **Install Storage Bar/Shelf:** Attach the storage bar or shelf to the lower part of the whiteboard frame. This provides a convenient place for markers and erasers.
6. **Final Check:** Once assembled, gently push and pull the whiteboard to ensure stability. Engage the locks on the two lockable wheels to test their function.

## OPERATING INSTRUCTIONS

---

Your MAUL Mobile Whiteboard is designed for versatile use in various environments.

- **Writing Surface:** Use only dry-erase markers on the plastic-coated writing surface. Avoid permanent markers or abrasive writing tools.
- **Erasing:** Use a standard dry-erase eraser or a soft cloth to clean the writing surface. For stubborn marks, use a

specialized whiteboard cleaning spray.

- **Magnetic Functionality:** The whiteboard surface is magnetic, allowing you to attach notes, documents, or other magnetic accessories.
- **Mobility:** To move the whiteboard, ensure the locks on the two lockable wheels are disengaged. Push the whiteboard gently to its desired location.
- **Stability:** Once the whiteboard is in position, engage the locks on the two lockable wheels to prevent unintended movement and ensure stability during use.
- **Double-Sided Use:** The whiteboard panel can be rotated to utilize both writing surfaces. Ensure the panel is securely positioned before writing.

## MAINTENANCE

---

Regular maintenance will prolong the life and appearance of your whiteboard.

- **Cleaning the Surface:** For best results, clean the whiteboard surface regularly with a dry-erase eraser. For a deeper clean, use a non-abrasive whiteboard cleaner and a soft cloth. Avoid harsh chemicals or abrasive materials that could damage the plastic coating.
- **Frame Care:** Wipe the silver frame with a soft, damp cloth to remove dust and dirt. Do not use abrasive cleaners.
- **Wheel Inspection:** Periodically check the wheels for any debris or hair that might hinder movement. Ensure the locking mechanisms are functioning correctly.
- **Fastener Check:** Occasionally check all screws and fasteners to ensure they remain tight. Tighten any loose connections to maintain stability.

## TROUBLESHOOTING

---

If you encounter any issues with your whiteboard, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Marks are difficult to erase.	Using permanent markers; residue buildup; old dry-erase markers.	Ensure only dry-erase markers are used. Clean the surface with a whiteboard cleaner. Replace old markers.
Whiteboard is wobbly or unstable.	Loose fasteners; wheels not locked.	Check and tighten all assembly screws. Engage the locks on the two lockable wheels.
Wheels do not roll smoothly.	Debris in wheels; wheel locks engaged.	Clear any debris from the wheels. Disengage wheel locks before moving.
Whiteboard panel does not rotate smoothly.	Tightened pivot points; obstruction.	Check pivot points for overtightening or obstructions. Adjust as needed.

## SPECIFICATIONS

---

Detailed specifications for the MAUL Mobile Whiteboard 63356-84:

- **Brand:** MAUL
- **Model Number:** 63356-84
- **Product Type Name:** MAUL Mobile Whiteboard "Mobilboard fixed"
- **Whiteboard Dimensions (W x H):** 1500 mm x 1000 mm (approx. 59 x 39.4 inches)
