Revlon 663 Va Va Violet

Revlon Super Lustrous Lipstick 663 Va Va Violet User Manual

Model: 663 Va Va Violet

1. PRODUCT OVERVIEW

The Revlon Super Lustrous Lipstick in shade 663 Va Va Violet is a cream-finish lipstick designed to deliver high-impact color with a moisturizing feel. This formula incorporates microfine pigments for vibrant color that feels lightweight on the lips. It is infused with Vitamin E and avocado oil to provide a buttery, comfortable wear.

2. PREPARATION AND SETUP

Before applying the lipstick, ensure your lips are clean and smooth for optimal color application and comfort.

- **Lip Condition:** If your lips are dry or flaky, gently exfoliate them to create a smooth surface. A lip balm can be applied and blotted off prior to lipstick application if needed.
- **Optional:** For enhanced definition, consider using a lip liner that matches or complements the Va Va Violet shade.

3. APPLICATION INSTRUCTIONS

Applying the Revlon Super Lustrous Lipstick is a straightforward process designed for ease of use.

1. **Direct Application:** Twist the lipstick tube to reveal a small amount of product.
2. **Swipe:** Gently swipe the lipstick directly onto your lips, starting from the center and moving outwards.
3. **Even Coverage:** Press your lips together lightly to distribute the color evenly. For more intense color, apply an additional layer.
4. **Optional Enhancements:**
 - For added definition, apply a lip liner before the lipstick.
 - For a glossy finish, apply a clear or coordinating lip gloss over the lipstick.

4. CARE AND MAINTENANCE

To maintain the quality and hygiene of your Revlon Super Lustrous Lipstick:

- **Storage:** Store the lipstick in a cool, dry place away from direct sunlight and extreme temperatures to prevent melting or changes in texture.
- **Hygiene:** Avoid sharing lipstick with others to maintain personal hygiene.
- **Cap Securely:** Always replace the cap securely after each use to prevent the product from drying out or getting damaged.

5. TROUBLESHOOTING

Revlon Super Lustrous Lipstick is formulated for consistent performance. Should you encounter any issues, consider the following:

- **Uneven Application:** Ensure lips are exfoliated and moisturized before application. Apply in thin, even layers.
- **Color Fading:** For longer wear, apply a lip primer or blot lips after the first layer and apply a second.
- **Product Texture Change:** If the lipstick appears to have changed texture (e.g., too soft or too hard), check storage conditions. Extreme temperatures can affect the product.

6. SPECIFICATIONS

Feature	Detail
Brand	REVLON PROFESSIONAL
Model Number	VA VA VIOLET (Shade 663)
ASIN	B003KW4PSS
UPC	309973849105
