Artograph LightPad 930 LX

Artograph LightPad 930 LX LED Light Box Instruction Manual

Model: 930 LX | Brand: Artograph

1. INTRODUCTION

The Artograph LightPad 930 LX is a thin, dimmable LED light box designed for various creative tasks such as tracing, drawing, and crafting. Its illuminated surface provides consistent and adjustable brightness, making it suitable for a wide range of materials and projects. This manual provides essential information for setting up, operating, and maintaining your LightPad.

2. PRODUCT FEATURES

- **Thin, Spacious Work Surface:** Features a 12 x 9-inch illuminated area, providing ample space for detailed work.
- **Brilliant LED Illumination:** Offers adjustable brightness from 500 to 5,000 lux with a cool white 6500K color temperature for optimal visibility.
- **Thoughtful Design:** The double-layered firm work surface allows visibility through thick paper or fabric.
- **Light & Portable:** Weighing 2.6 pounds and featuring a slim aluminum frame, it is easy to transport and store. Includes a soft protective pouch.
- **Long-lasting LEDs:** LEDs have an estimated lifespan of 50,000 hours.

3. SETUP

1. **Unpack:** Carefully remove the LightPad 930 LX from its packaging.
2. **Connect Power:** Insert the included 12-Volt adapter into the power port on the side of the LightPad. Plug the adapter into a standard electrical outlet.
3. **Placement:** Place the LightPad on a stable, flat surface. The slim design allows it to fit easily on desks

or tables.

4. OPERATING INSTRUCTIONS

1. **Power On/Off:** Locate the power button on the LightPad. Press the button once to turn the unit on. Press again to turn it off.
2. **Adjust Brightness:** To adjust the LED brightness, press and hold the power button. The brightness will cycle through its range (500-5,000 lux). Release the button when the desired brightness level is reached.
3. **Tracing:** Place your original artwork or design on the illuminated surface. Place a blank sheet of paper or desired material on top of the original. The bright LED light will shine through, allowing you to easily trace or transfer the image.

Video 2: Demonstration of the Artograph Light Pad Light Box in use for various artistic applications.

5. MAINTENANCE

- **Cleaning:** To clean the illuminated surface, use a soft, dry, lint-free cloth. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.
- **Storage:** When not in use, store the LightPad in its protective storage sleeve to prevent scratches and dust accumulation. Store in a dry place away from extreme temperatures.
- **Handling:** Handle the LightPad with care to avoid dropping or impacting the surface, which could damage the internal components or LED panel.

6. TROUBLESHOOTING

- **Light Not Turning On:**
 - Ensure the 12-Volt adapter is securely plugged into both the LightPad and a working electrical outlet.
 - Verify the power outlet is functional by testing it with another device.
- **Uneven Brightness:**
 - Check for any obstructions on the surface of the LightPad.
 - If the issue persists, contact customer support.
- **Light Flickering:**
 - Ensure the power connection is stable.
 - Try plugging into a different outlet.

For further assistance, please refer to the contact information provided in the Warranty and Support section.
