

Bobrick B-1556 1824

Bobrick B-1556 1824 Frameless Stainless Steel Mirror Instruction Manual

Model: B-1556 1824

INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your Bobrick B-1556 1824 Frameless Stainless Steel Mirror. Please read these instructions thoroughly before installation and retain for future reference.

SAFETY INFORMATION

- Always wear appropriate safety gear, including eye protection, during installation.
- Ensure the mounting surface is structurally sound and capable of supporting the mirror's weight.
- Use the correct tools for installation to prevent damage to the product or injury.
- Keep small parts and packaging materials away from children.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Bobrick B-1556 1824 Frameless Stainless Steel Mirror (1 unit)
- Mounting Screws (4 units)
- Finishing Washers (4 units)

Image: Front view of the Bobrick B-1556 1824 Frameless Stainless Steel Mirror. The mirror features a bright-polished stainless steel finish and a 1/4-inch return concealing a tempered masonite backing.

SETUP AND INSTALLATION

The Bobrick B-1556 1824 mirror is designed for wall-mounted installation. Follow these steps carefully:

1. **Select Location:** Choose a suitable wall location, ensuring it is clean, dry, and free from obstructions. The wall must be capable of supporting the mirror's weight.
2. **Mark Mounting Points:** Hold the mirror against the wall at the desired height and position. Mark the locations for the four mounting screws. Ensure the marks are level.
3. **Drill Pilot Holes:** Using an appropriate drill bit for your wall type (e.g., wood stud, drywall with anchors, masonry), drill pilot holes at the marked locations.
4. **Secure Mirror:** Align the mirror's mounting holes with the pilot holes. Insert the provided mounting screws through the finishing washers and into the wall. Tighten the screws securely, but do not overtighten, to avoid damaging the mirror or wall.
5. **Verify Stability:** Gently test the mirror's stability to ensure it is firmly attached to the wall.

OPERATION

The Bobrick B-1556 1824 is a static wall-mounted mirror. No operational steps are required beyond proper installation and placement for its intended use.

MAINTENANCE AND CLEANING

To maintain the appearance and longevity of your stainless steel mirror, follow these cleaning guidelines:

- **Mirror Surface:** Clean the mirror surface with a soft, lint-free cloth and a non-abrasive glass cleaner. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping behind the glass.
- **Stainless Steel Frame:** Wipe the stainless steel frame with a soft cloth dampened with mild soap and water. For stubborn marks, use a stainless steel cleaner according to the product's instructions. Always wipe in the direction of the grain.
- **Avoid:** Do not use abrasive cleaners, scouring pads, or harsh chemicals (e.g., bleach, ammonia-based cleaners) as these can damage the finish.
- **Regular Inspection:** Periodically check the mounting screws to ensure they remain tight.

TROUBLESHOOTING

- **Mirror appears loose:** Check and tighten the mounting screws. Ensure the wall anchors (if used) are properly installed and secure.
- **Streaks on mirror surface:** Ensure you are using a clean, lint-free cloth and a streak-free glass cleaner. Avoid over-applying cleaner.
- **Discoloration on stainless steel:** This may be due to residue from cleaning products or environmental factors. Try cleaning with a specialized stainless steel cleaner.

SPECIFICATIONS

Feature	Detail
Brand	Bobrick
Model Number	B-1556 1824
Material Type	Metal (Stainless Steel)
Finish Type	Bright Polished Stainless Steel
Style Name	Frameless
Mounting Type	Wall Mount
