# Keter Master Pro Series Cantilever Assortment Box User Manual

Model: 17186819

## INTRODUCTION

This instruction manual provides important information for the safe and efficient use of your Keter Master Pro Series Cantilever Assortment Box. Please read this manual thoroughly before using the product and retain it for future reference.

## PRODUCT OVERVIEW

The Keter Master Pro Series Cantilever Assortment Box is designed for organizing and storing small parts, tools, and craft supplies. Its unique cantilever system allows for full visibility and easy access to all compartments when open.

### Key Features:

- Sturdy assortment box with 2 levels, metal handle and metal clasps.
- Includes 18 removable sorting compartments in 2 different sizes for individual division.
- Additional support legs for a secure stand when open.
- Transparent lid for a better overview of contents.
- Ideal for DIY projects and various hobbies.

### Components:

- Main Box Unit
- Cantilever Mechanism
- Metal Handle
- Metal Latches (2)
- Transparent Top Lid
- Removable Small Compartments (18 total, in two sizes)
- Integrated Support Legs

Figure 1: The Keter Master Pro Series Cantilever Assortment Box in its closed state, showcasing its compact design and sturdy handle.

## SETUP

The Keter Master Pro Series Cantilever Assortment Box comes pre-assembled. No complex setup is required. Simply unpack the unit and it is ready for use.

- 1. Unpackaging:** Carefully remove the assortment box from its packaging. Inspect for any shipping damage.
- 2. Initial Opening:** Release the two metal latches on the front of the box. Lift the handle to engage the cantilever mechanism, which will open the top lid and extend the upper tray.
- 3. Compartment Arrangement:** The 18 removable compartments are pre-placed within the trays. You can rearrange or remove these compartments as needed to suit your storage requirements.

Figure 2: The assortment box fully opened, demonstrating the cantilever system that provides access to both levels of compartments.

## OPERATING INSTRUCTIONS

### Opening the Box:

1. Ensure the box is placed on a stable, flat surface.
2. Locate the two metal latches on the front of the box. Push them inwards to release the lid.
3. Grasp the main handle and lift it upwards. The cantilever mechanism will automatically extend, raising the top lid and the upper tray, while simultaneously deploying the support legs for stability.
4. The box is now open, providing full access to all 18 compartments.

### Using Removable Compartments:

- The box contains 18 individual compartments of two different sizes.
- To remove a compartment, simply lift it out of its slot. This allows you to take specific parts to your work area without moving the entire box.
- To reinsert a compartment, align it with an empty slot and gently push it down until it sits securely.

Figure 3: The two distinct sizes of removable compartments, designed for versatile storage of various small items.

### **Closing the Box:**

1. Ensure all removable compartments are securely placed in their slots.
2. Gently push the main handle downwards. The cantilever mechanism will retract, folding the upper tray and closing the transparent lid. The support legs will also retract.
3. Once the lid is fully closed, push the metal latches inwards until they click into place, securing the box.

Figure 4: Detailed views highlighting key features such as the robust handle, secure metal latches, stable support legs, and the transparent lid hinge mechanism.

## MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Keter Master Pro Series Cantilever Assortment Box.

- **Cleaning:** Wipe the box surfaces with a damp cloth and mild soap. Avoid abrasive cleaners or solvents, as these can damage the plastic. Ensure the box is dry before storing.
- **Inspection:** Periodically check the metal latches, handle, and cantilever mechanism for any signs of wear or damage. Ensure they operate smoothly.
- **Storage:** Store the box in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Weight Capacity:** Do not exceed the recommended maximum weight of 5 kilograms (approximately 11 pounds) to prevent damage to the box structure or handle.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Box does not close properly.	Items are obstructing the closing mechanism or compartments are not fully seated.	Ensure no items are protruding from compartments. Verify all removable compartments are pushed down completely into their slots.
Latches do not secure.	Lid is not fully closed or latches are misaligned.	Press down firmly on the lid to ensure it is completely closed. Check if latches are bent or damaged; if so, contact customer support.
Cantilever mechanism feels stiff.	Accumulation of dirt or debris in the mechanism.	Clean the hinge areas and moving parts with a damp cloth. Avoid applying lubricants unless specified by the manufacturer.

## SPECIFICATIONS

Attribute	Value
Model Number	17186819
Brand	Keter
Material	Plastic
Color	Red/Silver
Product Dimensions (L x W x H)	16.93" x 9.45" x 9.45" (430mm x 240mm x 240mm approx.)
Item Weight	4.72 pounds (2.14 kg)
Maximum Weight Recommendation	5 Kilograms (11 pounds)
Number of Compartments	18 (removable)
Water Resistance Level	Not Water Resistant
