PADERNO 41473-66

Paderno World Cuisine Stainless-Steel Ice Cream Scoop 2 1/2in (Model 41473-66)

User Manual

INTRODUCTION

Thank you for choosing the Paderno World Cuisine Stainless-Steel Ice Cream Scoop. This manual provides essential information for the proper setup, operation, maintenance, and care of your new kitchen tool. Please read these instructions carefully before first use and retain for future reference.

The Paderno World Cuisine Ice Cream Scoop is designed for efficiently portioning ice cream, gelato, cookie dough, and other soft foods. Its robust stainless-steel construction ensures durability and professional quality.

SETUP

1. **Unpacking:** Carefully remove the ice cream scoop from its packaging. Inspect the scoop for any signs of damage during transit.
2. **Initial Cleaning:** Before first use, wash the scoop thoroughly with warm, soapy water. Rinse completely and dry with a soft cloth. This removes any manufacturing residues.

OPERATING INSTRUCTIONS

Follow these steps for optimal use of your ice cream scoop:

1. **Prepare the Food:** Ensure the ice cream, gelato, or cookie dough is at an appropriate temperature for scooping. For ice cream, allowing it to soften slightly for a few minutes out of the freezer can make scooping easier.
2. **Scooping:** Dip the scoop into the food, applying gentle pressure to fill the bowl of the scoop.
3. **Release Mechanism:** Hold the scoop over your serving dish or container. Gently squeeze the handle. This action triggers the spring-loaded cogwheel, which activates the wire scraper inside the scoop, extracting a perfectly rounded portion.
4. **Repeat:** Release the handle to reset the mechanism and repeat the process for additional portions.

MAINTENANCE AND CARE

- **Cleaning:** Wash the scoop after each use. It is dishwasher safe, making cleaning convenient. For hand washing, use warm, soapy water and a non-abrasive sponge or cloth.
- **Drying:** Thoroughly dry the scoop immediately after washing to prevent water spots and maintain its stainless-steel finish.
- **Storage:** Store the scoop in a dry place, away from excessive moisture, to prolong its lifespan.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, steel wool, or harsh chemicals, as these can damage the stainless-steel surface.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Difficulty scooping hard ice cream.	Ice cream is too frozen.	Allow ice cream to soften at room temperature for 5-10 minutes before scooping. Do not force the scoop, as this can damage the mechanism.
Food sticks to the scoop.	Scoop not clean or food consistency.	Ensure the scoop is clean. For sticky foods, dip the scoop in warm water between portions.
Scraper mechanism not releasing cleanly.	Food residue or mechanism obstruction.	Thoroughly clean the scoop, paying attention to the scraper and cogwheel area. Ensure no food particles are obstructing movement.
Rust spots appear on the scoop.	Improper drying or exposure to corrosive substances.	Always dry the scoop completely after washing. Avoid prolonged contact with acidic foods or harsh cleaning agents. Stainless steel is resistant, but not immune, to corrosion under certain conditions.
Scoop feels loose or wobbly.	Manufacturing defect or wear and tear.	If the scoop feels loose upon initial inspection, contact customer support. For wear and tear over time, consider replacement.

SPECIFICATIONS

Model Number: 41473-66

Material: Stainless Steel

Scoop Diameter: 2 1/2 inches

Approximate Capacity: 1/12 Liter (per scoop)

Product Dimensions: 8 x 2.5 x 2 inches (Length x Width x Height)

Item Weight: 5.9 ounces

Dishwasher Safe: Yes

First Available Date: May 28, 2010

WARRANTY AND SUPPORT

Paderno World Cuisine products are manufactured to high standards. Specific warranty details may vary by region and retailer. Please retain your proof of purchase for any warranty claims.

For product support, inquiries, or to report any issues, please contact the retailer where you purchased the item or visit the official Paderno World Cuisine website for customer service contact information. When contacting support, please have your model number (41473-66) and purchase date available.
