Drano Max Gel Drain Clog Remover Instruction Manual

Model: 694772

PRODUCT OVERVIEW

Drano Max Gel Clog Remover is the #1 Selling Gel Drain Cleaner, offering maximum strength for even your worst clogs. The thick bleach formula cuts right through standing water, clinging to tough clogs to blast them fast. It includes an ingredient that protects pipes from corrosion and works great to remove hair, soap scum, and other gunky blockages. Drano Max Gel Clog Remover gets to work in 7 minutes and is safe for use on PVC, metal pipes, garbage disposals, kitchen, and other drains like laundry sinks.

SAFETY INFORMATION

DANGER: KEEP OUT OF REACH OF CHILDREN AND PETS.

HARMFUL IF SWALLOWED. MAY BURN EYES, SKIN, AND MUCOUS MEMBRANES ON CONTACT. Contains sodium hydroxide, sodium hypochlorite, and sodium silicate. Do not use or mix DRANO MAX GEL with any other cleaners or chemicals, as hazardous fumes or a violent reaction may result. If gases are released, leave area immediately - ventilate if possible.

FIRST AID: GIVE IMMEDIATELY.

- **EYES:** Rinse immediately with water. Remove contact lenses, then flush eyes with water for 15 minutes.
- **IF SWALLOWED:** Rinse mouth. Drink a cup of milk or water. Do not induce vomiting.
- **IF ON SKIN:** Remove affected clothing. Flush skin with water for 15 minutes.
- **IN ALL CASES, CALL POISON CONTROL CENTER OR PHYSICIAN.**

PRECAUTION

DO

- Open carefully
- Clean up spills at once
- Keep children, hands and face away from drains while using
- Rinse container and replace cap before discarding
- Read product label for additional information and precautions

DON'T

- Squeeze bottle
- Splash product
- Use a plunger during or after using if drain did not clear
- Turn on garbage disposal drain if drain did not clear
- Use in toilets (for slow running toilets, use Drano® Max Build-Up Remover)
- Reuse empty container

OPERATING INSTRUCTIONS

Follow these steps carefully for effective clog removal:

1. **Pour:** Slowly pour 1/5 of the bottle (approximately 16 oz) directly into the clogged drain. For

extremely slow-running drains or complete clogs, use 32 oz.

2. **Wait:** Allow the product to work for 15 to 30 minutes. For tougher clogs, it can be left overnight.
3. **Flush:** Flush the drain thoroughly with hot tap water.
4. **Repeat:** Repeat steps if necessary for stubborn clogs.

1  **POUR:
16OZ**

2  **WAIT:
15-30 MINUTES**

3  **FLUSH:
WITH HOT WATER**

Image: Simple three-step guide for using Drano Max Gel: Pour, Wait, and Flush with hot water.

MAINTENANCE AND PREVENTION

Regular use of Drano Max Gel can help prevent clogs from forming, saving you time and potential plumbing costs. Act on slow-running drains before they become complete blockages.

TROUBLESHOOTING

If the drain does not clear after the initial application, you may repeat the steps. Ensure you follow all safety precautions. If the clog persists after a second application, it may indicate a more severe blockage requiring professional plumbing assistance.

PRODUCT SPECIFICATIONS

Feature	Detail
Product Dimensions	4.4 x 5.9 x 11.03 inches
Item Weight	5.51 Pounds (2.5 Kilograms)
Item Model Number	694772
Manufacturer	SC Johnson
Scent	Unscented
State of Matter	Liquid
Product Benefits	Cleans Drain, Removes Clog
First Available Date	August 9, 2006
