2. SAFETY INFORMATION

To avoid danger of suffocation, keep this plastic bag away from babies and children.

3. INGREDIENTS

The Always Daily Fresh Thin Liners are composed of the following materials:

- Cellulose
- Polypropylene
- Hot Melt Adhesive
- Polyethylene
- Polyester
- Ethylene Vinyl Acetate Copolymer
- Titanium Dioxide
- Pigment Blue 15

- Pigment Red 122

4. SETUP AND APPLICATION

Follow these steps for proper application of the panty liner:

1. **Prepare:** Remove the liner from its individual wrapper.
2. **Peel:** Carefully peel off the backing paper to expose the adhesive side.
3. **Position:** Place the adhesive side of the liner against the center of your underwear. Ensure it is smooth and flat.

5. OPERATING AND USAGE

Always Daily Fresh Thin Liners are designed for daily use to help you feel fresh. For optimal hygiene and comfort, it is recommended to change the liner every 4-6 hours, or as needed, depending on your personal requirements and activity level.

6. MAINTENANCE AND DISPOSAL

Proper disposal of used liners is important for hygiene and environmental considerations:

1. **Wrap:** After use, wrap the soiled liner in tissue paper or its original wrapper.
2. **Dispose:** Dispose of the wrapped liner in a trash receptacle.
3. **Do Not Flush:** *Do not flush panty liners down the toilet* as they can cause plumbing issues.

7. TROUBLESHOOTING

While Always Daily Fresh Thin Liners are designed for reliable performance, here are some common considerations:

- **Liner Not Staying in Place:** Ensure the underwear fabric is clean and dry before application. The Edge-2-Edge™ adhesive is designed for strong hold, but certain fabric types or moisture can affect adhesion.
- **Limited Leak Protection:** These liners are designed for light absorbency, primarily for daily discharge and freshness. They are not intended for heavy menstrual flow or significant bladder leakage. For heavier needs, consider Always Daily Protect or Always Daily Extra Protect products.
- **Irritation:** If skin irritation occurs, discontinue use. Ensure the product is unscented, as some

individuals may be sensitive to fragrances.
