Bostitch Office B8 Heavy Duty All Metal 45 Sheet Plier Stapler User Manual

INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your Bostitch Office B8 Heavy Duty All Metal 45 Sheet Plier Stapler. Designed for durability and performance, this stapler is capable of handling up to 45 sheets of paper or light materials with ease, featuring innovative No-Jam Technology for consistent results.

SETUP

1. Loading Staples

The Bostitch B8 Plier Stapler features a fast top-load design for convenient staple reloading. It is compatible with premium B8 PowerCrown staples in 1/4 inch (6mm) or 3/8 inch (10mm) sizes. The stapler has a 210-staple capacity.

No-Jam™ Technology

Smooth, reliable stapling
for up to 45 sheets

Figure 1: The top-load mechanism allows for quick and easy staple insertion. Simply squeeze to open the loading channel.

compatible with Bostitch®
POWERCROWN™ STAPLES
sold separately

STAPLE SIZE	SHEET COUNT	MODEL NO.
1/4"	2 - 20 sheets	STCR211514
3/8"	20 - 45 sheets	STCR211538

Figure 2: This diagram shows the compatible B8 PowerCrown staple sizes: 1/4 inch for 2-20 sheets and 3/8 inch for 20-45 sheets.

Video 1: This video demonstrates how to load staples into the Bostitch B8 Heavy Duty Plier Stapler and shows its stapling action on various materials.

Video 2: A short video reminding users that the stapler does not include staples and they must be purchased separately.

OPERATING INSTRUCTIONS

1. Stapling Documents

The Bostitch B8 Plier Stapler is designed for efficient stapling of 2 to 45 sheets of paper, as well as light corrugate and plastic materials. Its easy-squeeze lever action ensures powerful penetration with minimal effort.

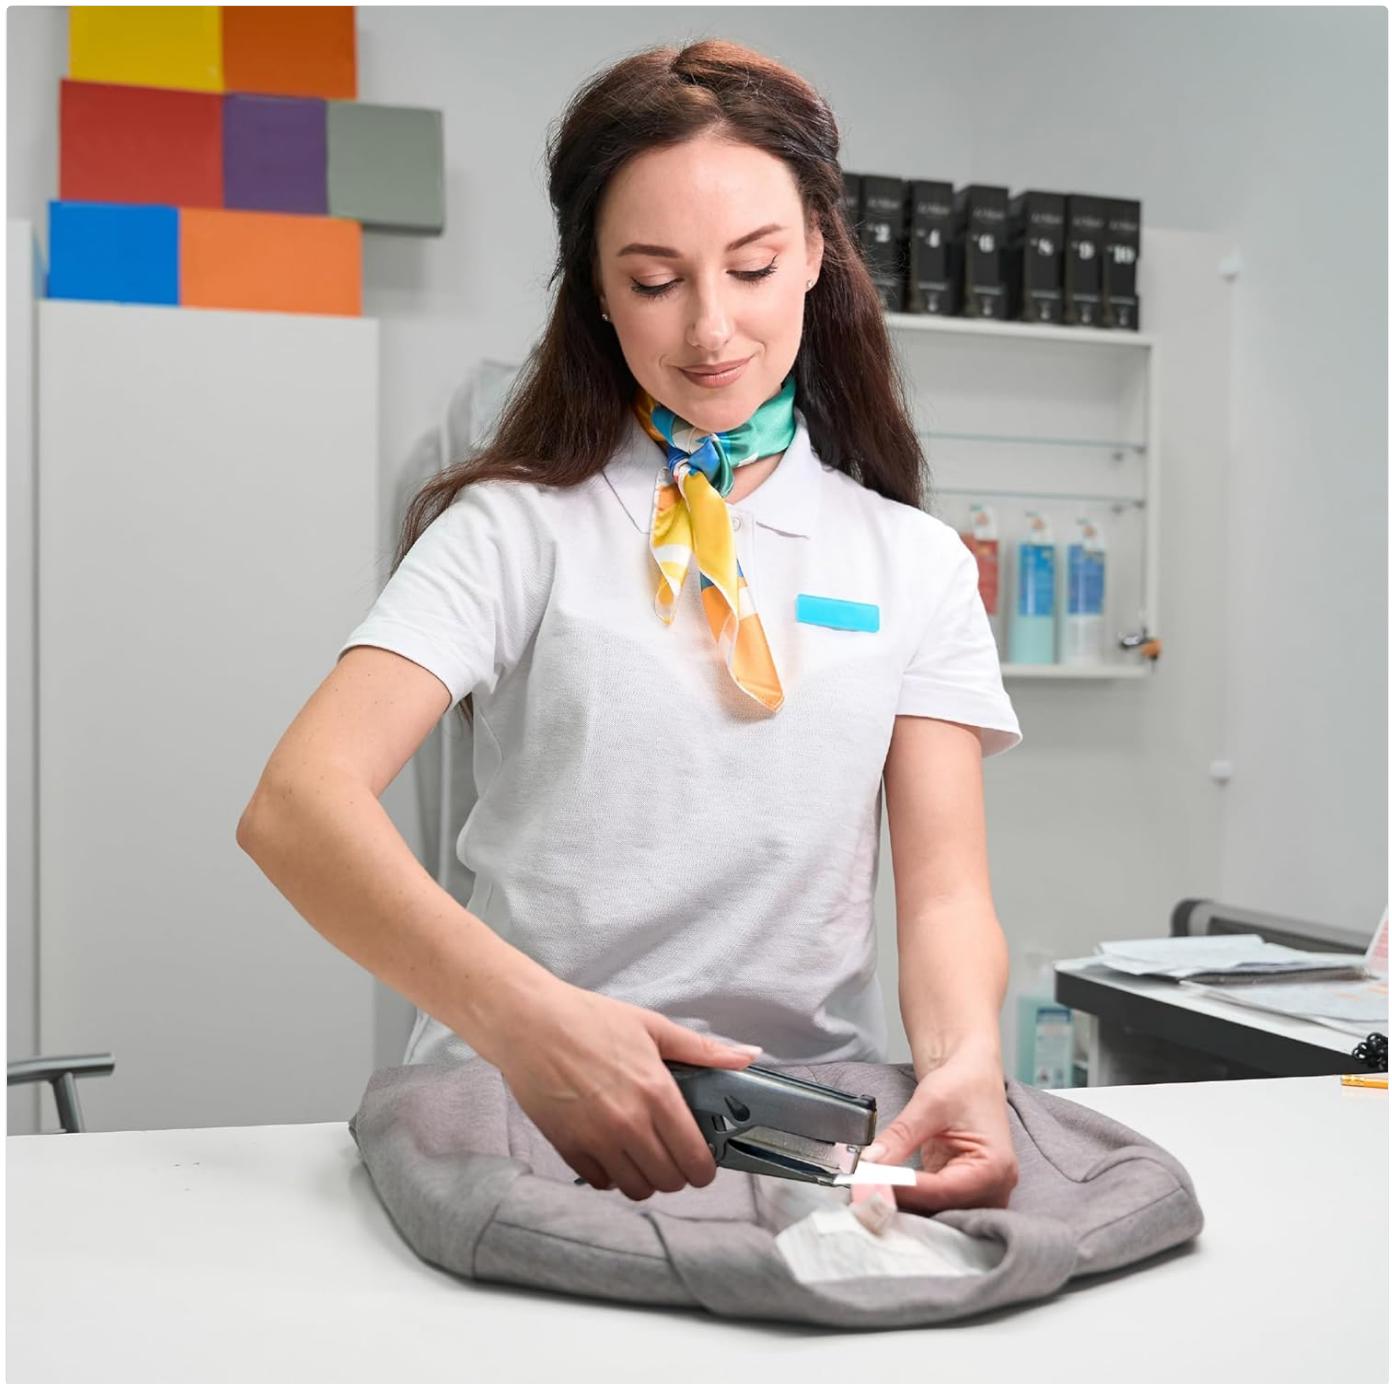

Figure 3: The plier-style design allows for comfortable and precise stapling.

Figure 4: Experience smooth, reliable stapling for up to 45 sheets with No-Jam Technology.

2. Versatile Applications

Beyond standard paper documents, this stapler is suitable for various tasks in office, shipping, and crafting environments, including stapling cardboard, paper bags, envelopes, and cardstock.

Versatile Use

Easily staple cardboard, paper bags, envelopes, cardstock and more

Video: Product Demonstration

Video 3: This video provides a concise demonstration of the Bostitch B8 Heavy Duty Plier Stapler in action, highlighting its ease of use and stapling capability.

MAINTENANCE

To ensure the longevity and optimal performance of your Bostitch B8 Plier Stapler, follow these simple maintenance guidelines:

- **Cleaning:** Periodically wipe the stapler with a soft, dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **Lubrication:** The all-metal construction is designed for durability. No regular lubrication is typically required under normal use.
- **Storage:** Store the stapler in a dry environment to prevent rust or corrosion.

TROUBLESHOOTING

The Bostitch B8 Plier Stapler features No-Jam Technology to minimize issues. However, if you encounter any problems, consider the following:

- **Staples not feeding:** Ensure the staple magazine is fully loaded and the staples are the correct B8 PowerCrown type (1/4 inch or 3/8 inch). Check that the follower is pushing the staples forward correctly.
- **Staples bending/not penetrating:** Verify that you are using the appropriate staple size for the thickness of the material. For thicker stacks (20-45 sheets), use 3/8 inch staples. Ensure the material is properly aligned.
- **Stapler feels stiff:** Check for any foreign objects obstructing the stapling mechanism. Clean any accumulated dust or paper fragments.
