Regalo 1350 DS

Regalo 194-Inch Super Wide Adjustable Baby Gate and Play Yard

Model: 1350 DS

INTRODUCTION

The Regalo 194-Inch Super Wide Adjustable Baby Gate and Play Yard is a versatile 2-in-1 safety solution designed to create a secure environment for children aged 6-24 months and also suitable for pets. Constructed from durable steel, this product offers multiple configurations to fit various home layouts, including wide openings, angled spaces, and as a standalone play yard. Its design prioritizes both safety and convenience, featuring a walk-through door with a double-lock lever handle and a foldable structure for easy storage.

SAFETY INFORMATION

- Always ensure all hardware and mountings are tightened securely.
- Regularly check the gate for any loose parts or damage.
- This product is intended for children 6-24 months of age.
- Do not use this gate if any components are missing or damaged.
- Never leave children unattended.
- Meets all current safety standards set by the American Society for Testing and Materials (ASTM).

WHAT'S INCLUDED

The package includes the following components:

- Regalo Super Wide Baby Gate and Play Yard (8 panels, including 1 walk-through door)
- Wall-mounting hardware (4 sets of wall mounts and screws)
- Instruction Manual

SETUP AND INSTALLATION

The Regalo Super Wide Baby Gate and Play Yard can be configured in various ways. It can be used as a super wide gate or an 8-panel play yard. Wall mounting is recommended for maximum security when used as a gate.

Assembling the Gate Panels

The gate consists of multiple panels connected by hinged posts. These posts feature twist hinge knobs that allow you to adjust the angle of each panel. To assemble, simply connect the panels as desired and tighten the hinge knobs to secure the shape.

Wall Mounting (Optional for Gate Use)

For wall-mounted gate configurations, use the included wall mounts and screws. The wall mounting brackets add 2 inches to each side, totaling 4 inches to the overall width. Ensure the gate is securely fastened to a sturdy surface.

Figure 2: Gate configured as a super wide barrier.

Color: White

Ages: 6-24 months

Dimensions: 28" H
Eight 24" Panels
Fits Opening Up to 192" W

Multiple Uses: 2-in-1 Design

Dogs: Can also be used for M-L dogs

Folding for Storage

To fold the gate for storage, loosen the twist hinge knobs on the panels. This allows the panels to fold flat, making the unit compact and easy to store or transport.

Video Demonstration: Setup and Versatility

Video 1: This video demonstrates the versatility of the Regalo Adjustable Baby Gate, showing how it can be configured as a wide barrier or folded for storage. It also highlights the locking mechanism and wall-mounting options.

OPERATING INSTRUCTIONS

Walk-Through Door Operation

The gate features a convenient walk-through door designed with a double-lock lever handle. To open the door, you must simultaneously push down on the button and slide the lever to disengage the lock. This two-step process ensures enhanced safety, preventing young children or pets from easily opening the gate.

Video Demonstration: Door Latch and Flexibility

Video 2: This video provides a detailed demonstration of the gate's door latch mechanism and its flexible configuration options, including how to adjust panels and secure the gate in various positions.

MAINTENANCE

To maintain the cleanliness and longevity of your Regalo Baby Gate and Play Yard, simply wipe it clean with a damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish or material.

TROUBLESHOOTING

- **Gate not holding position:** Ensure all twist hinge knobs are tightened. For wall-mounted setups, verify that the wall mounts are securely installed and the tension screws are sufficiently tightened against the wall.
- **Door not latching:** Check that the gate is properly aligned and that there is enough tension for the latch to engage. The double-lock lever handle requires both actions (pushing down and sliding) to operate correctly.

- **Gate appears unstable:** Re-check all connections and mounting points. Ensure the gate is on a flat, stable surface if used freestanding.

SPECIFICATIONS

Feature	Detail
Mounting Type	Hardware Mount
Unit Count	1.0 Count
Age Range (Description)	Infant, Baby (6-24 months)
Manufacturer	Regalo
Product Dimensions	194"W x 28"H
