## 5. MAINTENANCE

---

Regular maintenance ensures the longevity and smooth operation of your SINGER Heavy Duty 4423. Keep the machine clean from lint and dust, especially around the bobbin area and feed dogs. Refer to the full user manual for detailed cleaning and oiling instructions.

## 6. TROUBLESHOOTING

---

If you encounter issues with your machine, try these common troubleshooting steps:

- **Thread Jams or Bunching:** Often caused by incorrect threading. Completely re-thread the machine, ensuring the thread is properly seated in all guides and tension discs. Check the bobbin insertion and ensure it's wound correctly.
- **Skipped Stitches:** Ensure you are using the correct needle type and size for your fabric. Replace the needle if it is bent or dull.
- **Noise:** Excessive noise can indicate a need for cleaning or oiling. Refer to the maintenance section or the full user manual.

For more detailed troubleshooting, please consult the official User Manual.
