Turtle Wax T-244R1

Turtle Wax T-244R1 Power Out! Carpet and Mats Cleaner and Odor Eliminator User Manual

Model: T-244R1

PRODUCT OVERVIEW

The Turtle Wax T-244R1 Power Out! Carpet and Mats Cleaner and Odor Eliminator is designed for deep cleaning, deodorizing, and protecting vehicle carpeting and floor mats. Its advanced formula features a flawless spray pattern and a detachable micro scrub brush to effectively remove tough stains and odors from various sources like smoke, pets, and food. It is suitable for use on all carpets, whether in a car, boat, or home.

Key Features

- Formulated with Odor-X odor eliminator to help remove odors caused by pets, cigarette smoke, food, and mildew.
- Detachable micro scrub brush reaches deep into carpet fibers and rubber mat crevices to remove the toughest stains.
- Removable brush cap allows cleaning in tight spots.
- Advanced cleaning formula deep cleans and deodorizes.
- Leaves a soil-repelling silicone shield of protection.
- Universal fit type for various carpet and mat materials.

SAFETY INFORMATION

Always read and follow all directions and warnings on the product label before use. Use in a well-ventilated area. Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water. Keep out of reach of children and pets. Do not ingest. If swallowed, seek medical attention immediately. Do not use on suede, Alcantara, or other delicate fabrics that may be damaged by water-based cleaners.

SETUP AND PREPARATION

1. **Vacuum Thoroughly:** Before applying the cleaner, vacuum the carpet and mats to remove any loose dirt, debris, or pet hair. This ensures the cleaner can penetrate effectively.
2. **Test in an Inconspicuous Area:** Always test the product on a small, hidden area of the carpet or mat first to ensure colorfastness and compatibility. Allow the test area to dry completely and check for any discoloration or damage before proceeding.
3. **Shake Well:** Shake the can vigorously for 30-60 seconds before each use to ensure the formula is properly mixed and ready for application.

OPERATING INSTRUCTIONS

- 1. Spray Application:** Hold the can 6-12 inches from the surface and spray an even layer of foam over the area to be cleaned. For general cleaning, apply a moderate amount. For tough stains, apply a more concentrated layer.
- 2. Scrubbing:**
 - For general cleaning, use the integrated micro scrub brush on the cap. Press the button on the back of the brush to release foam as you scrub.
 - For tougher, ground-in stains, detach the micro scrub brush from the can by pressing the button on the back of the brush and pulling it off. Use the detached brush to work the foam deep into the carpet fibers or rubber mat crevices.
 - Scrub in a circular motion, ensuring the foam penetrates the stain.
- 3. Allow to Dwell:** Allow the foam to dwell on the surface for approximately 30-60 seconds. For extremely tough stains, allow up to 1 minute. Do not let the product dry on the surface.
- 4. Wipe or Vacuum:**
 - For carpets, use a clean, damp microfiber cloth to wipe away the foam and lifted dirt. Rinse the cloth frequently. Alternatively, you can vacuum the area thoroughly once the foam has dissipated and the carpet is dry to the touch.
 - For rubber mats, wipe clean with a damp cloth.
- 5. Repeat if Necessary:** For persistent stains or heavy soiling, repeat the application process as needed until the stain is removed. Ensure the area is completely dry before re-applying.

MAINTENANCE

1. **Clean the Brush:** After each use, rinse the detachable micro scrub brush thoroughly with water to remove any residue. Allow it to air dry before reattaching it to the can or storing it.
2. **Storage:** Store the product in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure the cap is securely fastened.

TROUBLESHOOTING

Stain Not Fully Removed:

- Ensure you allowed adequate dwell time for the foam.
- Re-apply the product and scrub more vigorously with the detachable brush.
- Consider repeating the process multiple times for very old or stubborn stains.
- Ensure the carpet was thoroughly vacuumed before application.

Odor Persists:

- The Odor-X technology works to encapsulate and remove odors. If an odor persists, it may indicate a deeper source of the odor.
- Re-apply the product, focusing on the affected area, and allow for maximum recommended dwell time.
- Ensure the area is completely dry after cleaning, as moisture can contribute to odors.

Product Dries on Surface:

- If the product dries before wiping, lightly mist the area with water and then wipe immediately with a clean, damp microfiber cloth. Avoid letting the product dry on the surface to prevent residue.

SPECIFICATIONS

- **Product Name:** Turtle Wax T-244R1 Power Out! Carpet and Mats Cleaner and Odor Eliminator
- **Model Number:** T-244R1
- **Brand:** Turtle Wax
- **Item Form:** Spray (Foam)
