Baby Trend TJ94522

Baby Trend Expedition Jogger Travel System with EZ Flex-Loc Infant Car Seat

MODEL: TJ94522

Manufacturer: Baby Trend

Important Safety Information

Always read and understand all instructions and warnings before assembly and use of this product. Failure to follow these instructions could result in serious injury or death. Keep this manual for future reference.

- Never leave child unattended in the stroller or car seat.
- Always secure your child with the 5-point safety harness.
- Ensure the stroller is fully open and locked before placing a child inside.
- Always engage the brakes when the stroller is stationary.
- Do not overload the storage basket or parent tray.
- Refer to your vehicle's owner's manual for proper car seat installation.

Product Overview

The Baby Trend Expedition Travel System combines a versatile 3-wheel jogger stroller with the EZ Flex-Loc Infant Car Seat, providing a complete solution for transporting your child from infancy through toddlerhood. Designed for comfort, safety, and ease of use, this system is suitable for various activities, from daily strolls to active jogging.

Key Features:

- **EZ Flex-Loc Infant Car Seat:** Accommodates infants from 4-30 pounds and up to 30 inches tall, featuring a 5-point safety harness and EPS energy-absorbing foam for superior side impact head protection. Includes a 4-position push-button height-adjustable base with a level indicator for proper installation.
- **3-Wheel Jogger Stroller:** Equipped with quick-release 16-inch rear and 12-inch front all-terrain

bicycle tires. The front wheel can be locked for jogging stability or unlocked for easy strolling maneuverability.

- **Comfort & Convenience:** Features a multi-position reclining padded seat, an adjustable canopy with a covered sunroof and peek-a-boo window, a parent tray with two cup holders and covered storage, and a child's tray with cup holders.
- **Easy Storage:** The jogger stroller folds easily for compact storage.
- **Durable Construction:** Built with a lightweight steel frame and 100% polyester fabric.

What's Included

Your Baby Trend Expedition Jogger Travel System package includes the following components:

- Jogger Stroller
- EZ Flex-Loc Infant Car Seat
- Infant Car Seat Base

Setup

Follow these steps for initial assembly and preparation of your Baby Trend Expedition Jogger Travel System.

Stroller Assembly:

1. **Unfold Stroller:** Release the storage latch and unfold the stroller until it locks securely into the open position.
2. **Attach Wheels:** Insert the quick-release rear bicycle wheels and the front swivel wheel until they click into place. Ensure all wheels are securely attached.
3. **Attach Parent Tray:** Snap the parent tray onto the stroller handle.
4. **Attach Child Tray:** Secure the child's tray to the front of the stroller seat.

Infant Car Seat Base Installation:

Install the EZ Flex-Loc Infant Car Seat Base in your vehicle using either the LATCH system or your vehicle's seat belt. Refer to the car seat manual for detailed installation instructions and ensure the level indicator shows proper installation.

Attaching Infant Car Seat to Stroller:

The infant car seat can be securely attached to the stroller's child tray. Align the car seat with the child tray and press down firmly until it clicks into place. Always check that the car seat is securely fastened before use.

Operating Instructions

Stroller Use:

- **Front Wheel Lock:** For jogging, push the lever near the front wheel to lock it in a straight position. For strolling, unlock the wheel to allow it to swivel for easier turning.
- **Reclining Seat:** Adjust the multi-position reclining seat by squeezing the lever behind the seat and moving it to the desired angle.
- **Canopy Adjustment:** The adjustable canopy can be ratcheted forward or backward to provide optimal sun and wind protection. Use the peek-a-boo window to check on your child without disturbing them.
- **Safety Harness:** Always secure your child with the 5-point safety harness. Adjust straps for a snug fit.
- **Brakes:** Engage the rear wheel brakes by pressing down on the foot levers located near the rear wheels. Ensure both brakes are engaged when the stroller is parked.
- **Folding the Stroller:** To fold, locate the trigger mechanism on the handle (often a strap or lever). Pull or squeeze to initiate the fold, reducing the stroller to a compact unit for storage or transport.

Infant Car Seat Use:

- **Harness Adjustment:** The 5-point safety harness features an easy one-hand adjustment and push-button release for quick and secure fastening.
- **Base Height Adjustment:** The car seat base has a 4-position push-button height adjustment to ensure proper recline angle in your vehicle. Always check the level indicator.
- **Car Seat Removal:** To remove the infant car seat from the base or stroller, locate the release handle (usually at the back of the car seat) and lift the car seat.

Maintenance and Care

- **Cleaning:** Spot or wipe clean fabric components with mild soap and water. Do not use harsh abrasives or bleach.
- **Frame Care:** Wipe the metal and plastic frame components with a soft, damp cloth.
- **Wheel Maintenance:** Regularly check tires for proper inflation and wear. Ensure quick-release mechanisms are clean and functioning smoothly.
- **Storage:** Store the travel system in a clean, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

- **Stroller not folding/unfolding smoothly:** Ensure all components are clear of obstructions and the folding mechanism is properly engaged. Lubricate moving parts if necessary.

- **Wheels not turning smoothly:** Check for debris in the wheel mechanisms. Ensure tires are properly inflated and the front swivel wheel is unlocked for strolling.
- **Car seat not securing to base/stroller:** Verify that the car seat is correctly aligned with the attachment points and pushed down firmly until a click is heard. Check for any obstructions.
