PHILIPS B003ZNL2RY

PHILIPS Bluetooth Speaker with Dual Alarm Clock User Manual

Model: B003ZNL2RY

INTRODUCTION

Thank you for purchasing the PHILIPS Bluetooth Speaker with Dual Alarm Clock. This device combines a high-quality stereo speaker with a versatile alarm clock, offering multiple playback modes and convenient features like a night light. Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

PRODUCT FEATURES

- **Dual Speaker Stereo:** Equipped with two 52mm extra-large speakers and an independent bass diaphragm for immersive audio.
- **Mirror Clock & Bluetooth Calibration:** Automatic time calibration via Bluetooth, featuring a clock display and dual alarm function.
- **Diverse Playback Modes:** Supports Bluetooth 5.3 for stable transmission, TF card, USB flash drive, and external AUX audio input.
- **Soft Night Light:** Night mode with soft night lights to create a warm ambiance.
- **High-Capacity Battery:** Built-in 3500mAh lithium battery providing up to 15 hours of continuous playback.

PACKAGE CONTENTS

Please check the package for the following items:

- PHILIPS Bluetooth Speaker with Dual Alarm Clock

SETUP

1. Initial Charging

Before first use, fully charge the device. Connect the provided USB charging cable to the DC 5V port on the back of the speaker and the other end to a USB power adapter (not included) or a computer USB port. The charging indicator will show the charging status.

Batería de gran capacidad

Equipado con batería de litio 21700 de alto rendimiento, gran capacidad de 3500 mAh, que proporciona hasta 15 horas de tiempo de reproducción continua.

Figure 4: The device features a high-capacity 3500mAh battery for extended use.

2. Power On/Off

Press and hold the **Power button** () located on the front panel to turn the device on or off.

OPERATING INSTRUCTIONS

1. Time and Alarm Setting

The clock automatically calibrates time when connected via Bluetooth. For manual adjustments or setting alarms:

1. **Setting Time:** When the device is on, the time is displayed. If Bluetooth is connected, the time will synchronize automatically.
2. **Setting Alarms:** Press the **Alarm button** () to enter alarm setting mode. Use the **+** and **-** buttons to adjust the hour and minute. Press the Alarm button again to confirm and move to the next setting (e.g., alarm tone, volume). The device supports dual alarms.
3. **Snooze Function:** When an alarm sounds, press the **SNOOZE** button on top of the device to activate snooze.

The alarm will sound again after a set interval.

2. Bluetooth Pairing

1. Ensure the speaker is powered on.
2. The speaker will automatically enter Bluetooth pairing mode, indicated by a flashing **BT** icon on the display.
3. On your mobile device, enable Bluetooth and search for "PHILIPS B003ZNL2RY" (or similar name).
4. Select the device to pair. Once connected, the **BT** icon will stop flashing and remain solid.

3. Playback Modes

The device supports various playback sources:

- **Bluetooth Mode:** After successful pairing, you can play audio from your connected device.
- **TF Card Mode:** Insert a TF (MicroSD) card into the TF slot on the rear panel. The device will automatically switch to TF card mode and begin playing audio files.
- **USB Mode:** Insert a USB flash drive into the USB port on the rear panel. The device will automatically switch

to USB mode and play audio files.

- **AUX Mode:** Connect an external audio device using a 3.5mm AUX cable to the AUX input on the rear panel. The device will switch to AUX mode.

Figure 6: Multiple playback options including Bluetooth, USB, TF card, and AUX input.

4. Night Light Function

Press the **Light button** (🔆) to cycle through different night light brightness levels or to turn it off. This feature provides a soft, ambient glow suitable for bedrooms.

Y modo luz nocturna

El modo nocturno con luz nocturna suave crea una atmósfera cálida y te ayuda a conciliar el sueño en paz.

Figure 7: The soft night light feature creates a calming atmosphere for sleep.

5. Volume Control

Use the + and - buttons on the front panel to adjust the volume.
