## HP M1536dnf

# HP LaserJet Pro M1536dnf Multifunction Printer User Manual

Model: M1536dnf (CE538A#BGJ)

## INTRODUCTION

The HP LaserJet Pro M1536dnf is a cost-effective, fast multifunction printer designed to streamline business tasks. This device offers printing, copying, scanning, and faxing capabilities, including two-sided document printing. It supports HP ePrint for printing from virtually anywhere and secure connectivity via Ethernet networking.

## SETUP

- 1. Unpacking and Placement:** Carefully remove the printer from its packaging. Place it on a stable, flat surface with adequate ventilation.
- 2. Power Connection:** Connect the power cord to the printer and then to a grounded electrical outlet.
- 3. Toner Cartridge Installation:** Open the toner access door and insert the HP LaserJet print cartridge according to the instructions provided inside the printer.
- 4. Paper Loading:** Load paper into the 250-sheet paper tray. The printer also features a 10-sheet priority tray for various media sizes and types.
- 5. Connectivity:**
  - **USB Connection:** Connect the printer to your computer using a USB cable.
  - **Ethernet Networking:** For shared use, connect the printer to your network using an Ethernet cable.

6. **Software Installation:** Install the printer drivers and software from the included CD or download the latest versions from the official HP support website.
7. **AirPrint Setup:** To enable AirPrint functionality for printing from iOS devices, ensure your printer's firmware is updated. This can typically be done via the HP support website or the printer's control panel if connected to the internet.

## OPERATING INSTRUCTIONS

### Printing

The HP LaserJet Pro M1536dnf prints at speeds up to 26 pages per minute (ppm) with a first page out in as fast as 8.5 seconds. It produces high-quality documents with bold text and sharp images.

- **Two-sided Printing:** Utilize the automatic duplex printing feature to save paper and create professional-looking documents. This can reduce paper usage by up to 50 percent.
- **HP ePrint:** Print from virtually anywhere by sending documents or photos to your printer's unique email address.
- **AirPrint:** Print directly from your iPhone, iPad, or iPod Touch without installing additional drivers.

### Copying

The printer allows for quick and efficient copying of documents. You can produce one-sided copies of two-sided IDs using the intuitive control panel.

- Place documents on the scanner glass or in the 35-page automatic document feeder (ADF).
- Use the control panel to select copy options such as number of copies, darkness, and paper size.

### Scanning

Scan documents to your computer or network. The scanner supports both flatbed and automatic document feeder scanning.

- Place documents on the flatbed scanner or in the ADF.
- Initiate scanning from your computer using the HP scanning software or directly from the printer's control panel.

### Faxing

Send and receive faxes using the integrated fax functionality.

- Connect a phone line to the printer's fax port.
- Use the control panel to dial numbers and send faxes.

## HP AirPrint Demonstration

Your browser does not support the video tag.

Video: This video demonstrates the HP AirPrint feature, showing how to print documents and photos wirelessly from Apple iOS devices like iPad, iPhone, and iPod Touch to compatible HP printers.

## MAINTENANCE

- **Toner Cartridge Replacement:** Replace the toner cartridge when print quality degrades or the printer indicates a low toner level. Use Original HP LaserJet print cartridges for optimal performance and print quality.
- **Cleaning:** Regularly clean the scanner glass and the exterior of the printer with a soft, lint-free cloth. Avoid using abrasive cleaners.
- **Paper Path Cleaning:** Refer to the printer's internal software or user guide for instructions on cleaning the paper path to

prevent jams and maintain print quality.

## TROUBLESHOOTING

- **Printer Not Responding:**

- Check power connections and ensure the printer is turned on.
- Verify USB or Ethernet cable connections.
- Restart the printer and the computer.
- Ensure printer drivers are correctly installed and updated.

- **Paper Jams:**

- Follow the on-screen instructions or printer display messages to clear paper jams.
- Ensure paper is loaded correctly and not overfilled.
- Use recommended paper types and avoid wrinkled or damaged paper.

- **Poor Print Quality:**

- Check toner cartridge levels and replace if low.
- Perform a print quality diagnostic from the printer's control panel or software.
- Ensure you are using Original HP LaserJet print cartridges.

- **Network Connectivity Issues:**

- Verify the Ethernet cable is securely connected to both the printer and the network router/switch.
- Check network settings on the printer and your computer.
- Restart your network router.

## SPECIFICATIONS

| Feature                                  | Detail                      |
|--|-----------------------------|
| Brand                                    | HP                          |
| Model Name                               | M1536dnf                    |
| Item Model Number                        | CE538A#BGJ                  |
| Product Dimensions                       | 13.5 x 17.36 x 14.69 inches |
| Item Weight                              | 25.8 pounds (11.7 kg)       |
| Printing Technology                      | Laser                       |
| Printer Output                           | Monochrome                  |
| Max Print Speed (Monochrome)             | 26 ppm                      |
