2. SETUP AND INSTALLATION

To install the Glade Automatic Spray Refill into your Glade Automatic Spray Holder, follow these steps:

1. **Ensure the Holder is Off:** Before inserting the refill, ensure your Glade Automatic Spray Holder is turned off. The timer setting should be in the "OFF" position.
2. **Open the Holder:** Press the button on the side of the holder and pull the front cover forward to open it.
3. **Insert the Refill:** Place the Glade Automatic Spray Refill can into the holder with the nozzle facing outwards. Ensure it clicks securely into place.
4. **Close the Holder:** Close the front cover of the holder until it clicks shut.

5. **Select Spray Interval:** Turn the timer dial to your desired spray interval (9, 18, or 36 minutes). The first spray will occur shortly after the interval is selected.

3. OPERATING INSTRUCTIONS

Once the refill is installed and the holder is activated, the device will automatically release bursts of fragrance at your chosen interval.

- **Timed Release:** Select between 9, 18, or 36-minute intervals for continuous fragrance. The device will spray automatically based on your selection.
- **Instant Boost:** For an immediate burst of fragrance, press the boost button located on the front of the Glade Automatic Spray Holder.
- **Fragrance Profile:** The Lavender & Vanilla scent combines notes of lavender, jasmine, and vanilla to create a relaxing atmosphere.

4. MAINTENANCE

Proper maintenance ensures optimal performance and longevity of your Glade Automatic Spray Refill and holder.

- **Refill Replacement:** Replace the refill when the fragrance diminishes or the can is empty. Turn the holder to the "OFF" position before replacing.
- **Cleaning:** Periodically wipe the exterior of the Glade Automatic Spray Holder with a soft, damp cloth. Do not immerse the device in water.
- **Storage:** Store unused refills in a cool, dry place away from direct sunlight and heat sources.

5. TROUBLESHOOTING

If you encounter issues with your Glade Automatic Spray Refill or holder, refer to the following common solutions:

Problem	Possible Cause	Solution
No spray or weak spray	Refill is empty or incorrectly installed. Batteries in holder are low or dead. Nozzle is blocked.	Replace the refill. Check and replace batteries in the holder. Ensure the refill is inserted correctly. Check for any obstructions around the nozzle.
Holder not activating	Holder is in "OFF" position. Batteries are dead or incorrectly inserted.	Ensure the timer dial is set to 9, 18, or 36 minutes. Check battery orientation and replace if necessary.
Scent not noticeable	Room size is too large for one unit. Refill is nearing empty.	Consider using multiple units for larger spaces. Replace the refill.

6. SAFETY INFORMATION

Please read and follow all safety warnings on the product label and packaging. Keep out of reach of children and pets. Do not spray directly onto food, fabrics, or surfaces. In case of eye contact, rinse immediately with plenty of water. If irritation persists, seek medical advice. Use in well-ventilated areas. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F (49°C).
