Serta 4-Inch Dual Layer Mattress Topper User Manual

Model: F-TOP-11560-QN-WHT

Brand: Serta

INTRODUCTION

The Serta 4-Inch Dual Layer Mattress Topper is designed to enhance your sleeping experience by providing superior comfort and support. This topper features a unique two-layer construction: a 2-inch pillow-top layer of fiberfill for softness and a 2-inch layer of premium memory foam for pressure point relief and even weight distribution. Its open-cell technology promotes a temperature-neutral sleep surface, contributing to a more restful night's sleep and potentially extending the life of your existing mattress.

PRODUCT COMPONENTS

- **2-Inch Memory Foam Layer:** This foundational layer provides firm support, conforms to your body, and helps alleviate pressure points. It is made in the USA.
- **2-Inch Fiberfill Pillow-Top Layer:** This top layer offers plush softness and breathability, contributing to a cooler sleep surface.
- **Premium Egyptian Cotton Cover:** Encasing both layers, this removable and machine-washable cover ensures hygiene and extends the product's lifespan.

SETUP GUIDE

1. **Unpack:** Carefully remove the mattress topper from its packaging. The topper comes in two parts: the memory foam pad and the fiberfill pillow-top with its fitted cover.
2. **Unroll Memory Foam:** Unroll the 2-inch memory foam layer directly onto your existing mattress. Allow it to decompress and air out in a well-ventilated room for at least 24-48 hours. A slight odor may be present initially, which will dissipate over time.
3. **Position Pillow-Top:** Once the memory foam has fully expanded, place the 2-inch fiberfill pillow-top layer on top of the memory foam. The pillow-top has a fitted skirt that will secure both layers to your mattress.
4. **Secure:** Ensure the fitted skirt of the pillow-top layer is securely tucked around all sides of your mattress and the memory foam layer.
5. **Add Bedding:** Cover the mattress topper with your standard fitted sheets. For optimal fit, consider deep-pocket sheets if your mattress and topper combined height is substantial.

OPERATING (USAGE)

Once properly set up, the Serta Dual Layer Mattress Topper is ready for immediate use. Simply make your

bed as usual. The topper is designed to provide continuous comfort and support throughout the night. Its dual-layer design works synergistically to cradle your body while maintaining a comfortable sleep temperature.

MAINTENANCE & CARE

Proper care of your Serta mattress topper will ensure its longevity and continued performance.

- **Cover Care:** The premium Egyptian cotton cover is removable and machine washable. Wash in cold water on a gentle cycle with mild detergent. Tumble dry on low heat or air dry. Ensure the cover is completely dry before reattaching.
- **Memory Foam Care:** The memory foam layer itself is not washable. Spot clean any spills or stains with a mild detergent and damp cloth. Allow to air dry completely before replacing the cover. Do not submerge the memory foam in water.
- **Rotation:** To promote even wear and extend the life of the topper, periodically rotate it 180 degrees on your mattress.

TROUBLESHOOTING

If you encounter any issues with your Serta mattress topper, consider the following common solutions:

- **Initial Odor:** A new memory foam product may have a slight, temporary odor upon unboxing. This is normal and harmless. Allow the foam to air out in a well-ventilated area for 24-72 hours. The odor will dissipate.
- **Topper Not Expanding Fully:** Ensure the memory foam layer has been given sufficient time (at least 24-48 hours) to decompress after unrolling. Cooler temperatures can slow expansion; a warmer room may help.
- **Sheets Don't Fit:** The added 4 inches of height from the topper may require deeper-pocket fitted sheets. Standard sheets may be too shallow.
- **Layers Shifting:** Ensure the fitted skirt of the pillow-top cover is securely wrapped around your mattress and the memory foam layer. Using a snug-fitting fitted sheet over the entire topper can also help keep the layers in place.

SPECIFICATIONS

Brand	Serta
Model Number	F-TOP-11560-QN-WHT
Size	Queen
Product Dimensions	80 x 60 x 4 inches
Item Weight	26 pounds
Material	Polyurethane (Memory Foam), Fiberfill, Egyptian Cotton (Cover)
Color	White

Firmness Description	Plush
Special Feature	Removable (Cover)
Product Care Instructions	Machine Wash (Cover)
UPC	617014135071
