Logitech Wireless Wave Combo MK550 User Manual

Model: 920-002807

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Logitech Wireless Wave Combo MK550. This combo includes a Comfort Wave Design keyboard and a contoured laser mouse, designed for enhanced comfort and productivity.

PACKAGE CONTENTS

- Logitech Wireless Wave Keyboard
- Logitech Wireless Laser Mouse
- Logitech Unifying Receiver
- 2 AA Batteries (pre-installed in keyboard)
- 1 AA Battery (pre-installed in mouse)

SETUP

1. Insert Batteries

The keyboard requires 2 AA batteries and the mouse requires 1 AA battery. These are typically pre-installed. If not, open the battery compartments on the underside of both devices and insert the batteries, ensuring correct polarity.

2. Connect the Unifying Receiver

Locate the tiny Logitech Unifying receiver. Plug it into an available USB port on your computer. The receiver is designed to be small enough to remain in your laptop without needing to be unplugged.

3. Power On Devices

Turn on the keyboard and mouse using their respective On/Off switches, usually located on the underside of the devices. The devices should automatically connect to the Unifying receiver.

4. Install Logitech Software (Optional)

For advanced customization of keyboard function keys and mouse buttons, download and install the Logitech

Options software from the official Logitech website. This software allows you to personalize your experience.

OPERATING INSTRUCTIONS

Keyboard Features

- **Wave-shaped key frame:** Designed to support the natural, varied lengths of your fingers for comfortable typing.
- **Adjustable Tilt Legs:** Use the two small stands on the underside of the keyboard to adjust the typing angle for personal comfort.
- **Media Controls:** Dedicated keys for volume control, play/pause, and track navigation are located at the top of the keyboard.
- **Programmable F-keys:** Function keys (F1-F12) can be customized using Logitech Options software for quick access to applications or functions.
- **128-bit AES Encryption:** Data transfer between the keyboard and receiver is encrypted for enhanced security.

Mouse Features

- **Contoured Design:** The mouse features contoured sides and soft rubber grips for comfortable, supported hand positioning.
- **Laser Tracking:** Provides smooth, precise tracking on virtually any surface.
- **Scroll Wheel:** Standard scroll wheel for vertical navigation.
- **Programmable Buttons:** Additional buttons on the mouse can be customized via Logitech Options software.

MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the surfaces of the keyboard and mouse. Avoid harsh chemicals or abrasive materials. For keys, use compressed air to remove dust and debris.
- **Battery Replacement:** The keyboard and mouse are designed for long battery life. When batteries are low, an indicator light may appear. Replace with new AA alkaline batteries.
- **Storage:** When not in use for extended periods, turn off the devices to conserve battery life. Store in a cool, dry place.

TROUBLESHOOTING

- **No Connection / Lagging Input**

- Solution 1:** Ensure the Unifying receiver is securely plugged into a USB port. Try a different USB port.
- Solution 2:** Make sure both the keyboard and mouse are turned on and have fresh batteries.
- Solution 3:** Reduce the distance between the devices and the receiver. Avoid placing the receiver near other wireless devices or large metal objects that might cause interference.
- Solution 4:** Re-pair the devices using the Logitech Unifying Software.

• **Mouse Cursor Jumps or is Erratic**

- Solution 1:** Clean the optical sensor on the underside of the mouse.
- Solution 2:** Use the mouse on a clean, non-reflective surface. Mouse pads are recommended.
- Solution 3:** Check battery level and replace if low.

• **Keyboard Keys Not Responding**

- Solution 1:** Check battery level and replace if low.
- Solution 2:** Ensure the keyboard is turned on.
- Solution 3:** Re-pair the keyboard with the Unifying receiver using the Logitech Unifying Software.

SPECIFICATIONS

Brand	Logitech
Model Number	920-002807
Connectivity Technology	Advanced 2.4 GHz Wireless
Wireless Range	Up to 10 meters (33 feet)
Encryption	128-bit AES
Compatible Devices	Laptop, Desktop PC (Windows operating systems)
Power Source	Battery Powered
Batteries Required	Keyboard: 2 AA, Mouse: 1 AA (included)
Item Weight	2.8 pounds (approx. 1.27 kg)
Product Dimensions (LxWxH)	20.63 x 1.97 x 6.26 inches (approx. 52.4 x 5.0 x 15.9 cm)
Language	English
Date First Available	November 22, 2010

WARRANTY AND SUPPORT

For information regarding product warranty, please refer to the warranty card included with your product or visit the official Logitech support website. Logitech provides customer support for product inquiries, technical assistance, and warranty claims.
